LOCAL BANKER TAKES OVER YWCA DRIVE

C. Fred Herbsleb Replaces Fund Raiser

CAMPAIGN IS EXTENDED FOR TWO WEEKS

Local banker C. Fred Herbsleb will assume charge of YWCA campaign contributions tonight as the regime of the National Fund Raising service ends. The campaign is moving into its extension period of two weeks.

The campaign's efforts during the past week will be tabulated at a report meeting in the "Y" building, and plans will be set for the final two weeks of the drive.

C. FRED HERBSLEB

The weekly report meeting will be highlighted by Herbsleb taking over the tabulations of the solicitation efforts, which had netted $31,526 in pledges at last count.

Herbsleb, a member of the board of trustees of the YWCA and finance chairman of the drive, will follow campaign manager Arthur S. Montgomery, a professional fund raiser.

Montgomery was hired for a month, and his contract has expired. The campaign, which started in mid-April, was extended until June 30 by a vote of the chairmen of the solicitation committees, meeting last Monday, when only 40 percent of the goal was reached.

"Scorekeeper" Herbsleb is a special consultant to the Montgomery county Banking and Trust company.

Weatherman Says Fair Skies Will Continue

The nasty elements spent themselves Friday, and the remainder of the weekend just spread a carpet of glory in the path of Summer.

Summer officially arrives tomorrow at 5:43 a. m., and it is expected to remain fair and pleasant until then. If you can get up early enough, the setting should be nearly perfect at that hour.

Friday night's cloudburst gave way to lightning on the horizon, then clear skies after midnight. Dawn was streaked with cloudiness, but good forecasts kept Pottstonians firm in their resolve to seek recreation away from home.

Saturday was generally fair and pleasantly cool with a high of only 72, following the warmest night — 65 — since June 3, when it was 69.

* * *

AFTER FRIDAY'S sizzling 85—the hottest day since April 25; and almost as warm as the year's high—an 87 on April 23, it cooled off as a result of the storm and air from the north.

Sunday was next to perfect, with a high of only 77, nearly 100 percent sunshine, and a

The Martins will return to their work in Nigeria at the end of a year's furlough in the United States.

Boy Is Injured In Fishing Accident

A 4 year old Boyertown RD 2 boy was injured in a fishing accident Sunday morning at 11.15 o'clock.

Jeffrey Scott Kittrell, son of Edward Kittrell, was watching his father cast a line when the flying hook caught his left nostril.

The child was rushed to Pottstown hospital where the hook was removed.

Two Injured On Route 83

Two persons were injured on Route 83 near Spring City at 12:15 a. m. today when a front wheel flew off their auto and the car rolled over three times, coming to a rest against a guardrail.

Treated at Phoenixville hospital, where they were taken in a Goodwill ambulance, were the driver, Mary Deitrick, Royersford RD 1, and Marion Dann, also Royersford RD 1.

The Deitrick woman suffered cuts of the forehead. The Dann woman suffered cuts of both knees. Both were discharged.

Another passenger, John Paul, Limerick, escaped injury.

Moments before the accident occurred the trio had stopped at a service station and asked the attendant to check the left front wheel. The attendant told them it "looked all right."

DIMAGGIO TO INSPECT NEW PLANT

Leaves Today to Tour Firestone Interests In Europe

Anthony J. DiMaggio will leave today for a two month inspection tour of the new Firestone Tire and Rubber company plant he will become general manager of in Bethune, France.

DiMaggio

DiMaggio has been with Firestone here since 1945 and became plant manager Dec. 15, 1955. The announcement of his new post come early in May.

Before arriving at Bethune, 120 miles north of Paris, he will visit Firestone plants at Lisbon, Portugal; Bilboa, Spain and Pratteln, Switzerland.

During the trip DiMaggio is expected to find out when the plant will be finished, tire problems in France and what the school situation is for American pupils.

* * *

"MOST OF the American employes have children so it's very important to find out what the school situation is," he said.

DiMaggio will work out of the Akron, Ohio plant after he returns but will commute to Pottstown where his wife and five year old son will live until they move to France.

He is married to the former Evelyn Miller of Reading.

Deaf Woman Losing Sight Suddenly Regains Hearing

A Boyertown woman, deaf for more than 35 years, was warned by her doctor she might soon lose her sight also, and suddenly she has regained the ability to hear with one ear.

Mrs. Edwin D. Gresh, 21 South Chestnut street, Boyertown, widely known as a self-taught painter, has been able to hear "just a trifle" with one ear, through the use of the most powerful hearing aid she can buy, turned up full volume.

The other ear has been 100 percent deaf, according to tests, since a mastoid condition several years after her marriage, caused her deafness.

In 1955, Mrs. Gresh, whose husband is a retired repair shop owner, took up painting as a hobby. In three years she painted more than 140 pictures, exhibiting them in a wide area, including Pottstown and Boyertown.

* * *

MRS. GRESH began to be plagued by headaches, and her doctor diagnosed glaucoma—a disease of the eyeballs caused by internal pressure resulting in impairment of vision or blindness.

MRS. EDWIN D. GRESH

Her beloved painting career seemed to be coming to an end, and Mrs. Gresh feared blindness would leave her in not only a nearly soundless, but a sightless world.

She said, "Then one day I said to my husband, I think you slam the door so, and I said I think you rattle the dishes so.

"Then I heard myself do the same thing, and pretty soon I could hear him talk with my bad ear.

"I was so thrilled I could hear, because my eyes had been worrying me so. Now if my eyes do go, it won't be so bad.

"So I'm very, very thankful," she said.

MRS. GRESH said the ear she had fitted with a hearing aid was described as having a 78

COURT RULES IN FAVOR OF URW LOCAL

County Judges Uphold November Decision

GARBER, RHOADES NAMED TO PANEL

An appeal by a Pennsburg bank and a former Pottstown contractor against a November court decision ordering payment of more than $26,000 for breach of contract to Local 336, United Rubber Workers, was dismissed by Montgomery county judges sitting en blanc.

The Farmers' National Bank, Pennsburg, had been ordered to share the court costs and rescind, cancel and satisfy a $65,000 bond which had been used as a mortgage without the knowledge of the union.

The contractor, W. B. Albright, was charged with failure to complete work on a $100,000 union hall at Fire-

R. E. GARBER IN HOSPITAL FOR CHECKUP

Firestone Union Head Expects to Remain 3 or 4 Days

Robert E. Garber, president of the Firestone Tire and Rubber company union for nine terms, is in Memorial hospital for an annual checkup.

He entered the hospital Sunday afternoon, shortly after he was chosen by Local 336 United Rubber Workers, AFL-CIO, as a member of the international policy board that will conduct contract negotiations with Firestone in Cleveland beginning July 18.

ROBERT E. GARBER

Garber, of Pottstown RD 2, expects to be in the hospital "three or four days". He emphasized Sunday night that the hospital stay was a "routine medical checkup."

Except for a one-year term in 1950, Garber has been president of the union since 1948. He helped to start the local when Firestone opened the plant in 1946.

Garber has also served as a member of the international union's executive board and as president of the Presidents association, representing 12 Pottstown unions.

In 1946 he was an unsuccessful candidate for the State legislature on the Democratic ticket. He is married and has a daughter, Cynthia, 15.

Policeman Named In West Pottsgrove

Resident of Spring City Will Start Duties Tomorrow

The West Pottsgrove township supervisors Sunday morning chose a full time police officer.

The unanimous choice of Gerald Miner, 313 Chestnut street, Spring City, as the township's new police officer ended a hunt that began April 30.

Miner, 26, will start his new duties tomorrow morning. He's currently employed as a truck driver for the Grover Rapp company, Phoenixville.

Miner was informed of his selection Sunday morning by Elmer Hampton, president of commissioners. He signed a contract setting his salary at $4000 a year plus $100 allowance for a uniform.

* * *

HAMPTON SAID Sunday night that Miner "doesn't care about having a fancy title or being under Civil Service. All he wants is a chance to be a cop."

Miner's only experience with police work was as an investigator for the Willmark Service system, a detective agency in Philadelphia.

"But I've been interested in police work all my life," Miner said.

Residents Split Opinions Of Proposed Dam Project

Sentiments ranging from strong opposition to cautious support were expressed by a half dozen residents of the Evansburg area Sunday night in a survey of opinions on the proposed 6416-acre dam and recreation site slated for that section.

The Evansburg site, which would utilize the resources of Skippack creek, will be just northeast of Trappe and Collegeville.

Officials of the State department of forests and waters and the U.S. Army Engineer corp feel that a dam at Evansburg would alleviate the section's low water pressure problem and at the same time provide recreational facilities for millions of persons annually.

The cost of the project is estimated at $16,000,000.

It is at the plan to develop the area for recreation purposes that many residents aim their gripes.

* * *

JOSEPH KAPETSKY, Cedar lane, Collegeville RD 2, is an outspoken opponent of the plan.

"I am strictly against it," he stated bluntly. "Why should we give up our property to develop a recreation area for someone else? We've been here 11 years, and have spent much time and money developing our own 3½ acres of land.

"It all boils down to the fact we love our land too much to be forced to move."

"It would be different if someone could prove to me that there's a dangerous water shortage here. Then I would be willing to give up my property. But most of the talk I hear is about the proposed recreation area. I don't want to give up what I own for that."

* * *

A NEIGHBOR of Kapetsky's, Albert LaSalvia, mirrored the same opinion. "Need for water is one thing," he said, "but I certainly wouldn't want to move just because the State wanted my land for recreation purposes."

LaSalvia conceded that he could "see the logic in the State's wanting to buy land now for future development." But he added, "no amount of money could replace the historical value and sentimental attachment the people around here feel for their homes."

Eugene S. Berry, 3753 Old Baptist road, Evansburg, said he does not feel the development of a recreational area where his home is now located "would be an improvement for me personally." "I'd hate to have to move," he said.

Berry noted, however, that so far opposition against the project has not been organized. "Everything up to this point seems to be just rumor," he said.

FARM IS SOLD FOR $107,600

Area Resident Buys 250 Acre Property

All but one lot of the huge, 250 acre "Five Brooks farm" at Hallman's mill, Pughtown and Sheeder roads, was purchased Saturday by Robert R. Wilson, Pottstown Star route.

Wilson, through the Paoli Realty company, paid $107,600, described as "an excellent price" by Alfred Traiman, of Louis Traiman, Philadelphia, auctioneers.

Henry Stott, manager of the farm, paid $2400 for a building lot which adjoins his own property and home.

James A. Develin, a Philadelphia insurance broker, sold the farm. He had owned it as a hobby. Wilson said his only immediate plans are to continue farming the property.

A herd of cattle and milking equipment, plus a few implements not sold Saturday, will be auctioned off this morning at 11 a. m.

The farm, one mile south of Route 23, was sold in parcels for $106,000, and the conversion to an entirety brought the price to $110,000.

Wilson's purchase includes a large stone farmhouse, a smaller stone house, two tenant homes and a barn and outbuildings.

'Fatherless Day' Noted by Hospitals

Every mother knows that unborn children are unpredictable . . . that they have a way of coming into the world either ahead of or behind schedule.

But not one child in the Pottstown area made his entry Sunday.

It would have been a great thing to do too. For what man could have asked for a finer gift on Father's day?

PUC TO PROBE BIG POWER COMPANIES

Possibility Is Seen For Lower Area Electric Rate

Pottstown and area electric power users may be awarded lower rates if Public Utilities Commission inquiries determine the large power companies are earning too much money.

The PUC will investigate current earnings of the Philadelphia Electric company and Pennsylvania Power and Light company, the State's two biggest electric power utilities, to determine whether their rates should be reduced.

The PUC last month ordered a check into earnings of nine other power firms, including Metropolitan Edison company, of Reading.

At that time, a review of P.E. and P.P. and L. operations did not indicate excessive returns, the PUC explained, but further analysis now makes it appear their earnings may be too high.

* * *

THE THREE companies mentioned above serve the entire Pottstown area. Metropolitan Edison services the area to the west and north of an arc made by Douglassville, Amityville-Pine Forge, and Boyertown.

P.P. and L. operates out of Allentown, and its area extends toward Pottstown from the north to a line between Green Lane and Red Hill.

To the east and south, all

Employment In May Is Up Over Last Year

Employment for May in the Pottstown area was above the level set for May, 1959, Margaret H. King, manager of the Bureau of Employment Security announced Sunday.

A survey of 70 reporting firms showed a total of 19,325 workers at mid-May, an increase of 767 or 4.1 percent. Greatest gains were evident in the textile, garment, rubber and electrical machinery industries.

In a labor market letter, Mrs. King reported that hiring has continued in the area at a steady pace. Emphasis has been on replacement of separations rather than expansion.

Mass hiring schedules are not indicated within the next two months, although increased employment is anticipated. Garment, textile, electrical equipment and construction offer the most fertile sources of new jobs, Mrs. King reported.

Although employment is up over a year ago, many of the above firms reported a decrease in employment from two months ago. Most significant loss was in the primary metals, resulting from high inventories built up before the steel strike. Recalls will be made until July with vacations scheduled for that month by many employers.

Million Cheering Koreans Force Ike's Motorcade to Side Street

SEOUL, South Korea (AP) — This was a day for President Eisenhower to remember. A million cheering Koreans welcomed him ecstatically to Seoul, the final stop on his bobtailed Asian good-will tour. The greeting was so intense his motorcade was sidetracked.

Eisenhower was fresh from an anti-American demonstration Sunday in Okinawa, a stopover on his flight here from Formosa.

* * *

A snake-dancing mob of 1,500 Okinawans taunted him at Naha on the Pacific Island, a big American air base, although most of the 150,000 spectators applauded and cheered him.

"Go home! Go home" the demonstrators screamed.

U. S. Marines with fixed bayonets helped Okinawan police keep the demonstrators under control. But as a precaution, Eisenhower's Okinawa motorcade was rerouted when he returned to Naha airport for his flight to Seoul.

* * *

It was the President's first glimpse of the fanatic left-wing demonstrations of the kind that forced cancellation of his visit to Japan.

And all the while the greatest artillery battle yet fought over Quemoy raged between Red Chinese and Nationalist gunners. Red China set off the duel with a saturation barrage intended as a derisive salute to Eisenhower's departure from Formosa, the stronghold of President Chiang Kai-shek, 100 miles east of Quemoy. Nationalist officials said the Reds rained more than 88,000 shells on the little offshore island, killing six persons and wounding 33.

* * *

The Korean greeting was a wild and frenzied climax to the day.

Frantic security agents, fighting to control the surging sea of humanity, detoured the President's bubble-top limousine via side streets to keep him from being mobbed by admirers. The limousine was without its plastic canopy.

With difficulty, police and troops parted the crowd and literally pushed the car into the side street. Escorted by two carloads of security police, the limousine then finally made it to the U.S. Embassy.

Just before Eisenhower turned off the main route, the air-conditioned limousine carrying Barbara Eisenhower, the President's daughter-in-law, conked out because of battery trouble.

About 50 young, happy Koreans solved that problem by pushing the car to the embassy while Barbara and her two companions — Mrs. Huh Chung, wife of the prime minister, and Mrs. Walter McConaughty, wife of the U. S. ambassador, smiled in appreciation.

* * *

Eisenhower flew to Okinawa after bidding farewell to President Chiang in Taipei, Formosa's capital. Ending an overnight stay, Eisenhower joined the Nationalist Chinese leader in pledging a continued battle against Communist aggression in Asia.

His arrival in Korea, which he called "a rallying place for the fighting men of the free world," swiftly offset the memories of the heckling of Okinawa.

But for a few uncertain moments, it seemed the joyful crowd would wreck the motorcade in the nearly uncontrollable crush of men, women and children.

With Prime Minister Huh Chung beside him, Eisenhower rode into downtown Seoul in what was to have been a carefully arranged welcome parade of 2½ miles.

Within minutes, it became a mess. The crowd, jammed together 200 deep on both sides of the street, surged, shoved and pushed within inches of Eisenhower's car. In their enthusiasm, they broke off the right front mirror, bent the left one and ripped the radio aerial from a fender.

* * *

Old men and women by the score fainted or slipped and fell in the crush. One elderly Korean man was pushed right into the path of the motorcade. Eisenhower's car stopped just in time to avoid running over him.

The President, arms stretched out in his customary greeting, lurched back and forth. Huh wrapped his arms protectively around Eisenhower's waist to keep him from falling.

* * *

Korean security men, aided by a score of Secret Service agents, sought to form a human shield around Eisenhower, perspiring in the near 80-degreeweather. They walked or trotted beside him, pushing away exuberant welcomers.

"Mansei! (long live)," roared the crowd.

At one point, mounted police and carloads of Korean troops tried to extricate Eisenhower's car. Along with police waving billy clubs, they sought to force a path on both sides. But they never quite succeeded.

* * *

By the time the parade reached the railroad station, after two guelling miles, both American and Korean security chiefs decided to give up. To continue, they decided, would expose Eisenhower to the serious risk of being mauled in the friendly crowd.

White House press secretary James C. Hagerty said the Korean reception was one of the most fabulous Eisenhower has ever received in his goodwill journeys to some 20 nations.

* * *

The hysterical greeting given by up to 1½ millions in New Delhi last December probably was larger, Hagerty said. But he pointed out that the Indian capital has a population of 3½ million, compared to Seoul's estimated two million.

Eisenhower regarded the Korean welcome as tremendous, Hagerty said. He expressed the hope that no one was seriously hurt.

Scrap Iron Collectors Find Business Good

TAIPEI, Formosa (AP) — Defense Ministry sources estimated Sunday the 86,000 shells the Chinese Communists rained on Quemoy Island Friday will yield scrap iron collectors about $75,000. The garrison command on Quemoy pays the equivalent of $15 a ton for scrap. It is shipped to Formosa to make shells for the island's Nationalist leaders.

Republican National Committee Announces Convention Program

WASHINGTON (AP)—A tentative program for the Republican National Convention was announced Sunday, along with news that more than 4,000 persons will cover the story for the reading, listening and viewing public.

It was estimated that television and radio alone will have a potential audience of 45 million homes.

* * *

The program announced by the GOP National Committee confirmed that the convention, starting July 25 in Chicago's International Amphitheater, will be a five-session, four-day affair with President Eisenhower addressing the delegates the second night.

Nomination of a presidential candidate is reserved for the third night. The fourth night is set aside for selecting a vice-presidential candidate and for acceptance speeches by the nominees.

* * *

There will be two sessions the opening day, at 10 a.m. and 7:30 p.m., Central Daylight Time and night meetings only the next three days, all starting at 7:30 p.m.

GOP National Chairman Thurston B. Morton said he expects the convention, the party's 27th and the 14th to be held in Chicago, will be the most thoroughly covered in political history. He said television will carry the proceedings to 672 stations in 425 cities, radio coverage will link 1,000 stations, and more than half a million miles of telephone wire will transmit the story to 1,800 newspapers and wire services.

* * *

Also, teletypewriters operating over a 470,000-mile network will serve 9,500 locations.

Two heliports atop the amphitheater will provide speedy relay of pictures and films to Midway and O'Hare airports.

A detailed fact sheet put out by the national committee made these other points:

For the first time in history, closed-circuit television inside the hall will provide, in effect, front-row viewing of the proceedings to every one of the 1,331 delegates and an equal number of alternates.

Five Rescued By Coast Guard

HYANNIS, Mass. (AP) — The Coast Guard Sunday rescued five persons, including three children, who had been anchored helplessly in their disabled cabin cruiser for about 60 hours.

A cutter from Newcastle, N. H., one of many search craft, spotted the 32-foot cruiser at anchor about three miles off the Stone Horse lightship in Nantucket Sound.

All five persons aboard were in good condition. They had gone for a cruise last Thursday with food and water aboard.

* * *

Rescued were Dr. Earle Webster, chief of the medical staff of Cape Cod Hospital, Hyannis; his three sons, Peter and David, 11-year-old twins, and Mark, 9, and Chester A. Baker, 63, president of Colonial Candle Co., Cape Cod.

The boys were taken aboard the cutter and brought ashore to their waiting mother. The men remained aboard the craft while it was towed to the cape.

Dr. Webster said the craft's engine failed just as fog rolled in about 4 p.m. last Thursday. The craft has no radio.

"We thought it best to drop anchor until the fog lifted," said Webster. The fog didn't lift until early Sunday.

AIR TRANSPORT PLANE BURNS IN JUNGLE

Two Crewmen Killed; Third Presumed Dead

PARAMARIBO, Surinam (AP)—Two of seven crewmen perished and another was presumed dead in the jungle crash of a U.S. Military Air Transport Globemaster near Zanderij Airport in northern Dutch Guiana early Sunday.

A Dutch army patrol reaching the partly burned wreckage rushed the four survivors to a Zanderij hospital. All were reported in good condition.

* * *

The patrol reported two bodies were found inside the plane's fuselage. The missing crewman was presumed to have burned to death.

The public information office at Charleston, S.C. Air Force Base, home base of the plane, identified the four survivors as Lt. Jimmy H. French of Damascus, Ark., the pilot; Sgt. Laurence L. Doby of Abilene, Tex., the flight engineer; Sgt. William N. Franks of Cullman, Ala., loadmaster; and Capt. Charles F. Hanselmann of Scranton, Pa., additional crew member.

* * *

The air base said the other three had been listed as unaccounted for.

They are Maj. Marion H. Hammett of Atlanta, the pilot; Capt. Mack W. Gardner of Lexington, Tenn., navigator; and Sgt. Clarence Madru of South Beloit, Ill., flight engineer technican.

Zanderij Airport officials said the plane, attempting an instrument landing, plunged into the Savvan jungle three miles west of the airport at 1:31 a.m.

Zanderij is 25 miles south of Paramaribo.

Japanese Leftists Vow Battle Against Treaty

TOKYO (AP)—Prime Minister Nobusuke Kishi, weary from a bitter political battle to maintain Japan's military alliance with the United States, faces another crucial test this week from diehard leftist opponents.

The conservative leader must call on all the resources at his command if he hopes to stay in power and see the new U.S.-Japanese security treaty go into effect in the face of renewed demonstrations and strikes promised by the leftists.

The pact—continuing American bases in Japan for another 10 years—won automatic Japanese ratification at midnight Saturday while an estimated 330,000 left-wingers noisily snake-danced and chanted outside the Diet—Parliament.

The treaty becomes effective when the instruments of ratification are exchanged by Tokyo and Washington—perhaps late this week after President Eisenhower returns from his Far East tour and after U.S. Senate ratification.

But Japan's Socialists, leaders of the anti-Kishi, antipact campaign, declared they would not recognize the ratification, although they dropped plans Monday for a mass resignation of their members from the lower house of Parliament.

All 125 Socialist deputies submitted their resignations to party leaders June 6 in a move aimed at discouraging ratification of the treaty. The resignations, however were never filed with the speaker of the 467-member House, dominated by followers of Kishi.

A party spokesman said the Socialists could work more effectively by remaining in Parliament.

The Socialists and Sohyo, their giant, Red-tinged labor union ally, said Sunday they would redouble their efforts to topple Kishi's government and prevent the pact from taking effect.

They apparently hoped to do this by putting massive pressure on the ruling Liberal-Democrats to call new elections before ratification papers can be exchanged, and then winning the elections.

Both groups, along with the fanatical Zengakuren students federation, mapped plans for another nationwide strike, and mass demonstrations around Parliament and Kishi's official residence Wednesday.

Representative Is Found Dead In State Park

CHAMBERSBURG, Pa. (AP)—U.S. Rep. Douglas H. Elliott (R-Pa) was found dead under a parked car Monday and state police said he apparently committed suicide.

The 39-year-old congressman, who had been elected to fill an unexpired term only last April, was found near a lake front cabin he owned 18 miles from this south-central Pennsylvania city.

His body was near the exhaust pipe of a new small car. A deerskin was draped over his head and the end of the exhaust pipe.

State police said the death was being listed as "apparent suicide" pending a coroner's report.

Elliott won his congressional seat in the April 26 primary, filling the unexpired term of the late Rep. Richard M. Simpson. He also won the Republican nomination for a new two-year term from the eight-county south-central Pennsylvania 18th Congressional District.

Elliott, a Philadelphia public relations man, was vice president of Wilson College for women here.

He also was a state senator when he ran for Congress. Elliott was considered by Pennsylvania Republicans as an up-and-coming candidate for high office. His name popped up often in speculation as a possible gubernatorial candidate before the 1958 campaign.

Eisenhower Will Stop At Wake Island

SEOUL, South Korea (AP) — President Eisenhower, who leaves Seoul Monday night to end a 23,000-mile Far East tour, will make a refueling stop at Wake Island en route to Honolulu.

A member of his party said the Wake stop will replace one originally scheduled for Japan.

Kennedy Too Young, Hinted by Johnson

DES MOINES, Iowa (AP)—Sen. Lyndon B. Johnson (D-Tex) hinted Sunday he thinks Sen. John F. Kennedy (D-Mass) is too young to serve as president of the United States.

"I believe the world needs men who have a little gray in their hair," he said at a press conference during a brief visit with Democratic leaders in Iowa.

Kennedy, 43, does not have any gray hair. Johnson, 51, has plenty. Both are candidates for the Democratic nomination for president.

Johnson sidetracked a direct question asking if he thought Kennedy was too young. Johnson said he had served with Kennedy in Congress for many years and had confidence in his ability.

However, Johnson pulled no punches in speaking against the Republican administration's farm program which he called a "flop."

"The soil bank is a flop, too," Johnson said. "We need a program that will solve the farm problem, and not just stack up the surplus."

Legion Convention Hears Presidential Contenders

FARGO, N. D. (AP) — Vice President Richard M. Nixon and Sen. John F. Kennedy swept across the prairies in tandem Sunday to turn the Dakotas into the nation's temporary political capital.

The farm vote, a Senate race, national defense and an old-fashioned political picnic were involved.

Kennedy put in an early bid for a boost of some 2½ billion dollars in defense spending. Nixon had to have his say.

Sen. Stuart Symington of Missouri shouldered into the politicking, too.

So all the top contenders for the presidency except Sen. Lyndon B. Johnson of Texas—he was in Washington trying to wind up congress—were concentrating on Fargo and the Midwest for the day.

Strangely enough, a lot of the candidate activities were tagged with a nonpolitical lable of sorts.

That was the case when things got under way for the day 200 miles to the south, at the South Dakota American Legion convention at Sioux Falls.

Kennedy flew there from Aberdeen, S. D., before moving on to Fargo. Nixon headed up from Houston, Texas, for Sioux Falls and Fargo.

A few hours apart, the two leading possibilities for fighting it out in the November presidential election were booked for nonpolitical speeches to the Legionnaires.

* * *

Taking his turn first, Kennedy called for an additional investment in national security now—a gamble with money rather than survival. He said this would make possible an emergency stop-gap alert, permit stepping up the missile program, and provide for rebuilding and modernizing conventional Army and Marine Corps forces.

He said the amount needed would be less than the estimated budget surplus and less than 1 per cent of the nation's production of goods and services. That would put the figure somewhere below four or five billion dollars. But Kennedy is known to be thinking more in terms of an extra 2½ billions of defense spending.

Kennedy got a warm, noisy reception from Legion members and the public. The crowd filled about two thirds of the 2,400 seats at the Sioux Falls Coliseum.

Nixon was flying in from Texas with intentions of laying down a farm program in North Dakota and the farm belt Monday.

Kennedy has been saying Nixon must share responsibility for an administration farm policy he contends has been disastrous and brought the lowest farm prices in two decades.

The Massachusets senator outlined in general terms Saturday his own 10-point bill of rights for farmers. And he followed up Sunday with a declaration that "the concept of parity must be retained as the goal and basis for pricing policies."

That was in a speech prepared for a rally following the political picnic. The tongue-in-cheek organizers called the picnic at the Fargo fair grounds nonpolitical.

* * *

Kennedy and Symington were billed as simulataneous attractions at the picnic, staged for Rep. Quentin N. Burdick, the Democratic candidate in a special election June 29 to fill out the Senate term of the late William Langer.

The affair was a combination Father's Day, birthday-political party for Burdick who was 52 Sunday.

Gov. John E. Davis is Burdick's Republican opposition. And Nixon was coming in to give Davis a helping hand.

German Mine Kills Workman in England

LONDON (AP)—The retreating Germans fixed a delayed-action mine on a piece of machinery left in France in 1944. British soldiers captured the machinery, put it in the Royal Air Force stockpile and eventually shipped it back home.

Saturday, four Aviation Ministry workmen got around to it. They turned torches on it and began dismantling it for junk. The delayed-action mine fired, killed Ernest Yard, 56, blew the legs off another worker and sent the two others to the hospital.

Mrs. Roosevelt Claims Truman Favors Johnson

NEW YORK (AP) — Eleanor Roosevelt claimed Sunday that former President Harry S. Truman really favors Sen. Lyndon M. Johnson of Texas—not Sen. Stuart Symington—for the Democratic presidential nomination.

Truman has come out for Symington, a fellow Missourian.

* * *

Mrs. Roosevelt declared on ABC-TV's "College News Conference" that this was merely a "first feeler" on Truman's part and that in the end he would be for the Senate majority leader.

She expressed this when asked by moderator Ruth Hagy how much she would support Johnson if he won the nomination.

* * *

"I doubt if I would be very enthusiastic," Mrs. Roosevelt replied.

Miss Hagy: "And about Stuart Symington, who President Truman supported so vigorously on this program last week?"

Mrs. Roosevelt: "I don't even think it is worth considering because quite obviously President Truman is for Sen. Johnson?"

Miss Hagy: "Not for Sen. Stuart Symington?"

Mrs. Roosevelt: "Oh, as a first feeler, but in the end, for Sen. Johnson."

The show was taped Friday.

* * *

Truman, asked Sunday about remarks of Mrs. Roosevelt, said "of course" he still supports Symington, adding: "I never desert a man during a campaign. I have not discussed this with Mrs. Roosevelt. I don't know where she got this."

Mr. and Mrs. Truman arrived here Saturday to meet their daughter, Margaret, and her husband, Clifton Daniel, who are due Monday on the liner United States from a trip abroad.

WHAT DOCTORS SAY ABOUT:

Better Health Through Knowledge

Foods and Dreams

- Fever Convulsions
- Kidney Stones

Q. Why do some foods—like cheese—make people dream?

A. So far as can be determined, there is no scientific evidence that cheese or any other food causes dreams.

Q. What causes convulsions in some children when they run a slight fever? Is there any medication to prevent fever convulsions?

P.S. — I enjoy reading Medical Mirror very much and find it helpful. — A faithful reader.

A. Some type of brain disorder is present in the majority of children who have fever convulsions. In almost half the cases there is a family history of similar convulsions, indicating a hereditary trend. Medical studies show that a convulsion is a serious symptom in childhood and deserves careful medical investigation. The physician may or may not prescribe drugs, depending upon the final diagnosis.

Q. Is there any way to remove kidney stones other than by surgery?

A. Doctors have been searching for years for a way to remove kidney stones without surgery. Nothing very promising has turned up. Several things make it difficult to find a satisfactory dissolving agent for kidney stones. For one thing, the stones are not all of the same chemical composition so that what dissolves one won't touch another. Secondly, it is difficult to find a solvent or dissolving solution that is not irritating to bladder and kidney tissues. Some progress is being made but at the moment surgery is about the only way to remove stones that are too large to be passed.

percent loss of hearing. Between her mastoid illness and the first hearing aids, she couldn't hear anything.

Since then, she has been barely able to hear a voice if the speaker came very close to her and the aid was turned to its full volume

Now Mrs. Gresh can hear better with the formerly "dead" ear than she can with the ear fitted for a hearing aid, the aid turned on full blast.

Mrs. Gresh and her husband have lived 44 years at their Chestnut street home. They raised a nephew, Henry W. Renninger, who is now vice president of Seaboard and Western airlines, a freight airline out of New York City.

MRS. GRESH only hopes she can continue her painting which is so dear to her. "I never dreamed this would happen . . . getting my hearing back.

"It's a funny thing with glaucoma . . . all that painting and I didn't mind it. Paint and paint and paint all day long.

"Maybe I can keep up the painting a little. I'm a self made painter . . . that was one thing I started and didn't know I could do."

Residents Split Opinions Of Proposed Dam Project

ward the problem. "If I have to move I have to move," Wood said. "I wouldn't want to stand in the way of progress."

Wood recalled that "when I moved here 21 years ago there was talk about a new road coming right through the center of my house. I'm still here, but I don't see the road."

Xenil Felton, 3512 Germantown pike, Collegeville, gave the plan a few kind words. Felton, a member of the Lower Providence township planning commission, acknowledged the need for a better water supply in the area.

"And 50 years from now," Felton said, "I think the township would probably profit taxwise from having a recreation area here."

Felton noted that a map he procured from the Army engineers showing the Evansburg project is on display at the township building in Eagleville.

* * *

HENRY RATNER, 3710 Ridge pike, Collegeville, was the only one contacted who gave the project his unqualified blessings.

"The dam is a necessity," he said. "I am in favor of it even if it means I must sell my property and move."

Ratner, who has 15 acres of land on the south side of the Skippack, graduated in 1906 from the National Agricultural college at Doylestown.

"I know how important conservation of water is," he said.

COURT RULES IN FAVOR OF URW LOCAL

stone drive and Yost road.

The union, in a contract signed in 1955, agreed to pay installments totaling nearly $35,000 during construction and a final installment in the form of the $65,000 mortgage ten days after the hall was completed.

* * *

CONSTRUCTION WAS started on May 7, 1956. On Oct. 14, the union's mortgage was assigned as security for a loan without the union's knowledge. This came to light on Jan. 7, 1957 when Albright walked off the job with the building still roofless.

The union, through its attorney, Victor J. Roberts, 348 High street, entered suit asking that the mortgage be nullified and damages totaling $26,507 — the extra cost of the completion of the building by new contractors.

Judge David E. Groshens handed down a decision favorable to the union in November. The decision of the judges sitting en blanc was on an appeal of that decision.

The local union, representing more than 2200 workers at the Firestone plant, were notified of the decision by Robert Garber, president, at a meeting Sunday.

* * *

IN OTHER action at the meeting, Garber and William Rhoades, a former president of the local and member of the executive board, were chosen as members of the international policy committee.

They will represent the union in contract negotiations between the United Rubber Workers, AFL-CIC, and the Firestone Tire and Rubber company, which begin July 18 in Cleveland, Ohio.

The union represents 18,000 workers in eight cities. The international policy committee will meet for a briefing in Cleveland, Ohio on July 17.

Election of representatives to the international convention will be held by the local on July 10. The local hopes to send 22 representatives to the convention—or one for each vote. Votes are assigned on a one vote for every 100 members basis, according to Garber.

* * *

THE CONVENTION is set for one week beginning Sept. 19 in St. Louis, Mo. The convention, considered one of the most important in years, will elect a new president and vice president, in addition to a secretary-treasurer and 12 members of the executive board.

President L. C. Buckmaster, who recently turned 66, will retire under a union rule making 65 the mandatory retirement age. The vice presidency has been open since the death earlier this year of Joseph W. Childs.

The secretary-treasurer and members of the board will be up for re-election.

Respect is what we owe; love, what we give.—(Philip James Bailey)

Red Policy is to Destroy

SOME of the thick black dust raised by the collapse of the summit conference has now settled. It is possible to appraise the reasons for the fiasco, and to foresee some of the probable results.

To begin with, few, if any, informed observers believe that the U-2 espionage plane incident was really the cause of Khrushchev's summit scuttling. It simply gave him a convenient excuse and, in effect, a fresh podium from which to rattle the saber and excoriate the United States.

The general view is that tersely expressed by England's Manchester Guardian: "Mr. Khrushchev has wrecked the conference because he wanted to wreck it, not because of his indignation against American spying."

In other words, if the U-2 had not been captured, and its purpose had not been admitted by the U.S. government, he simply would have found another excuse for his action.

* * *

Of all the people, the Soviet premier should be the last to be perturbed about international spying. All the powers are involved in it, and the Soviet union as deeply as any.

The powerful statement made by our ambassador to the United Nations, Henry Cabot Lodge, in replying to Soviet charges before the security council, certainly could not have come as a surprise to the Kremlin. Mr. Lodge described case after case, citing chapter and verse, of Russia's espionage activities here.

* * *

The first question is: Why should Khrushchev have wanted to wreck the conference?

There are various answers.

One is that Khrushchev is not the solidly entrenched boss that Stalin was; that powerful elements within Russia desire a harder line than he had been displaying, and that his own personal position was in peril.

It is significant that, in Paris, he was accompanied everywhere by the Soviet Defense Minister, and it is known that the military have strongly protested disarmament moves and plans.

Moreover, the red Chinese are absolutely opposed to any rapprochement with the West, and in red China the government inspired and directed "hate America" campaign has reached a peak of frenzy.

* * *

Another answer is that promises made to the Russian people of improvements in living standards have not been realized, because of failure to reach production goals. Thus, it is reasoned, the people are turning restive, so Khrushchev has attempted to make it appear that their country is in grave danger of Western attack in order to hold them in line.

It also is likely that Khrushchev hoped to divide the Western powers. If so, his mistake in judgement was, so far as one can see now, complete.

Both the British and French governments are standing firm, and it is significant that President Eisenhower has warmly praised the attitudes of Prime Minister Macmillan and President de Gaulle.

There is every indication that these attitudes will be maintained. A weakening of them could be disastrous.

To quote the Manchester Guardian again, one certainty resulting from the summit wreck "is that the West can expect a fierce psychological offensive . . . and that any appearance of timidity or divided counsels in the Western camp will be ruthlessly exploited."

* * *

Finally, there is the question of what influence all this will have on U.S. policy and U.S. politics.

For one thing, it is possible that our military effort and expenditures will be stepped up.

For another, many commentators now think that successful high-office candidates, regardless of party, will be those who take a "hard line" with the Soviets, and that the American people will reject anything savoring of appeasement.

There seems little question that when Khrushchev tried to influence the coming presidential election here — by saying he would like another summit conference at a time when there will be a new and presumably more malleable president — he was guilty of a huge mistake in judgement.

The country has made it clear that, by overwhelming majority, it supports the stand that President Eisenhower took at Paris when he refused to apologize and appease.

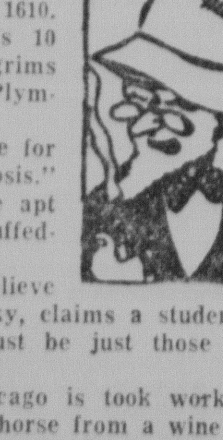
Dear Sir 'n' Brother:

Wal, I see by the papers where citizens of Sante Fe, N. M., are celebrating their town's 350th anniversary, claiming S. F. was in existence as early as 1610. Good grief — that's 10 years before the Pilgrims knew there was a Plymouth rock!



The medical name for hayfever is "pollinosis." Seems a much more apt tag would be "stuffed-upnosis."

Youth is Hurt By Wage Restrictions

Those Who Would Be Hurt

To the Editor: Many people support the proposal to increase the federal minimum wage, and to extend the federal wage-hour law to groups which always have been exempt, on understandable humanitarian grounds. They feel it would give needed benefits to low-income workers.

Yet many workers in that category would, in all likelihood, be severly hurt if the law passes. Those it would hurt the most would be housewives, teen-agers and elder folks working part time, the latter to augment their retirement pay. A hike in minimum pay and increased coverage for retail merchants and restaurants would practically end this type of part-time work.

Thousands upon thousands of teen-agers now earn their own pocket money while they get practical experience, build character and stay out of trouble in after-school evening, weekend, and Summer part time jobs.

Let's give our youth a fighting chance to make something of themselves—and our oldsters the right to hold up their heads!

Another point needs emphasizing here. Retail stores, restaurants and other service operations are strictly local enterprises. They must compete locally, not nationally, and they must gear themselves to local needs, desires, living and working standards, and so on.

So, if wage-hour legislation is needed in these areas it should be accomplished through state and local action—not through national action that would treat business in the biggest cities and the smallest towns alike.

Tip to Graduates

To the Editor: Here's a tip to kids in high school and those who have just graduated: Don't quit school!

Newsweek finds that U.S. firms are looking for 19 percent more college graduates this June than a year ago, and are offering average salaries of $458 a month, up from the 1959 average of $447. It quotes a Department of Labor spokesman as saying, "If an engineer can walk, he can get $7000 a year."

Go to college! Finish your high school education! You'll find every year of education earns more money.

Don't hold the same job all your life. Sure you can get "big dough" (big in the eyes of your friends) now but it won't be so big when you compare it with your college graduate friend 25 years from now.

As a shop worker, you'll still be in the lower wage bracket.

Finish your school—I know.

Pottstown UNION MAN

Must Fight for Freedom

To the Editor: The Russian renewal of the cold war, in the rebuff of Eisenhower, and the events in Japan indicate whether we like or not, we shall have to fight for our freedom, and indeed for our continued existence at any level above that of slavery.

Maybe the fighting can be confined to the diplomatic front, to propaganda, education and other non-military measures but such means can hardly insure victory unless we are at the same time prepared in case of necessity for sterner measures.

If we are now ready, "to be put to sleep" by "the most spectacular peace movement on record" and by "electrifying overtures and unheard-of concessions" the time of our being offered up is at hand.

Many are urging that the Soviet program has been modified and many are stating their beliefs that it is better to submit than run the risk of all-out war. The latter is indeed terrible to contemplate and every devout man and woman will pray that the world may be spared that cup of fury and suffering.

Some want peace even though it means slavery. Other prefer freedom though the price may be the dearest that men can pay.

Our fathers risked all, suffered severely and many of them died to purchase the freedom which we enjoy.

If we are worthy sons, we shall not shrink from paying whatever price is necessary in order to preserve it for our descendants.

The Worry Clinic

By Dr.GEORGE W. CRANE

LOIS M., aged 37, is a physician's wife.

"Dr. Crane," she began, "we are very much interested in your recent article about sea brine.

"You said that Mrs. Crane's father seems to be definitely rejuvenated and his arthritic hip has cleared up remarkably.

"Well, my father is almost helpless with arthritis. So where can we obtain this sea brine?"

Anybody living along the sea coasts can scoop up ocean water by the bucketful.

Just boil it 10 minutes for sterilizing; then you can add a little to your milk, tomato juice or oatmeal as seasoning.

Or drink it diluted with a glass of tap water.

* * *

THE SEA brine we use has been boiled down till it is 10 times ocean strength.

But you don't need do that. Instead, just use 10 teaspoons of the whole sea water per day.

The oceans contain 44 chemicals that are soluble in watter, plus the gases in the air that dissolve in any fluid.

But many of those 44 chemicals are reduced seriously or totally missing from our farm land, so our meat and potatoes, vegetables and fruits are often sadly lacking in vital chemicals.

By taking a little sea water per day, we can thus offer our bodily glands a "chemical smorgasbord."

Figuratively, therefore, the pancreas and liver and spleen and bone marrow and thyroid and adrenals and other organs can march around this chemical smorgasbord, helping themselves to whatever they require to produce their manufactured secretions that guard our health.

* * *

OUR BLOOD is essentially water, so it can utilize only those chemicals that will dissolve in water.

But all water-soluble chemicals on this planet earth are already dissolved in ocean water!

Medical troubles are called "deficiency ailments," such as cancer, diabetes, gray hair and baldness, probably multiple sclerosis, myasthenia gravis, Parkinson's disease, leukemia, etc.

Sometimes only a trace of a chemical is all that is needed to spell the difference between health versus sickness or even death.

Steve is helping Dean Elliot score the film this week. Randy Sparks and Conway Twitty have written some original "groovy" tunes to be recorded by both MGM and Verve Records. Heavens to Betsy: Just discovered Steve's handle is Stephen Valentine Patrick William Allen! And does anyone know what the "S" stands for in Harry S. Truman?

Gene Barry opens at the Municipal Opera in St. Louis today in "Kismet." It would be interesting to go back through the Post files to the pre-TV days and see what they thought Mason looked like before Burr came along.

Interpreting The News

Organized Terror May Follow Riots

By DAY INOSHITA
Associated Press Observer

The specter of harsh ultranationalist reaction to the violent leftist riots against the Kishi government now hovers over Japan.

Rumors flew through the capital that terrorist groups were planning to sack Parliament buildings and attack plants of newspapers in attempts to intimidate the leftists and stiffen the government's stand against them.

Although police discounted the reports, they brought chills to many Japanese, who recalled the fanatics who spread terror by assassination among moderate politicians in the 1930s and turned the course of Japanese history toward militarism.

Public security officials warned that the ultranationalist activities would grow more intense as left-wingers resorted to more violent demonstrations.

"The riots around the Diet have convinced many of the rightists that a Communist revolution is imminent," Police Supt. Michio Yamadera said. "They fear that unless they act now, it will be too late."

* * *

Assassination to redress real or supposed wrongs was long a part of the samurai code in feudal Japan and persisted into the modern era.

Terrorists stabbed Prime Minister Takashi Hara to death in 1921, made an attempt upon the life of Emperor Hirohito in the 1920s, wounded Premier Yuko Hamaguchi in 1930, assassinated Premier Tsuyoshi Inukai and former Finance Minister Junnosuke Inouye in 1932, and killed three high ministers of the Cabinet in 1937.

This was the period of the "Black Dragon Society," the "Blood Brotherhood League" the "Patriotic Party," and other fanatic groups.

They disappeared after World War II and were replaced by new rightist groups having few or no ties with the prewar organizations. Khaki-uniformed "Greater Japan Patriotic party," led by Bin Akao; the black-shirted "Anti-Communist Patriotic Youth Corps;" the "Greater Japan Production party" have been joined recently by large racketeer groups assuming a guise of respectability under the banner of anticommunism.

* * *

These unsought allies of Japanese ties with the United States have been embarrassing to pro-American Japanese and Americans alike. But there is little they can do about them.

"Fatherland Defense Corps," which has ties with old-time terrorist groups, has joined in the attacks on anti-Kishi, antisecurity pact demonstrators. Formed under the wing of Nissho Inouye, this organization has as its adviser Tomeo Sagoya, who fired the shot which wounded Premier Hamaguchi, according to police sources.

The size of these organizations is small. Yamadera said the biggest of them has no more than 1,000 members, and he estimated the total number of ultranationalists in Japan at around 30,000.

ALL AROUND THE TOWN

What Women Know... Or Don't Know...

★ QUIZ — If you think woman drivers need improvement, you're right, the Associated Press says. That's indicated by the results of an auto quiz distributed to 25,000 women around the country. The result found that the average woman knows less about the technical makeup of cars than any other subject. The questions are those which were quiz. The questions are those which were most often answered incorrectly in order, by the women who took the test, which was sponsored by an anti-freeze maker:

1. **You know your battery is low. You can help matters by (a.)** Turning off engine as soon as you stop; **(b.)** Running engine a time while in neutral, foot on accelerator; **(c.)** Running engine a time while in neutral, foot off accelerator. . . .

Your Health

By HERMAN N. BUNDESEN, M.D.

ORDINARILLY, most of us secrete between two and three pints of saliva a day. Under certain circumstances, however, this secretion can be increased to as much as ten quarts during a 24-hour period.

Any number of things can cause hypersecretion of saliva.

Drugs, tobacco, certain types of mushrooms and poisons, such as mercury, are among the most common causes.

Irritation from jagged teeth or dentures is a fairly common cause, too. Other causes are pyorrhea, stomatitis, scurvy, purpura and smallpox.

Almost anything which disturbs the nervous system—hysteria, migraine headaches, even car sickness—can be a factor.

The symptoms are easy to detect.

You may have a bad taste in your mouth and your speech may be thickened. Because of the amount of saliva being swallowed, you may vomit and have indigestion. There may also be diarrhea and adbominal pain.

Naturally, a doctor should be summoned by anyone experiencing such symptoms. Any underlying disease should be treated promptly.

Attention should be given to oral hygiene.

The doctor probably will recommend some sort of a mouthwash. Potassium chlorate may be prescribed, or possibly an alkaline mouthwash for cleansing the mouth. If the gums are swollen, an astringent mouthwash may be advisable.

Of course tonics and vitamins may be recommended if the doctor thinks they are necessary.

The medical term for excessive secretion of saliva is ptyalism.

Pennsylvania Power and Light serves 718,000 customers in 28 counties.

The PUC directed the firms, with combined gross annual operating revenues of $353,368,000, to meet with commission members for a preliminary inquiry discussion within 30 days.

CONTINUING STUDIES of quarterly reports filed by the companies showed that both may "be over the line" in earnings on the basis of indicated plant fair value, the PUC said.

P.E. had $856,227,000 invested in plant at the end of 1959, while P.P. and L. had $526,133 invested. Operating revenues for the pair were $216,396,000 and $136,972, respectively.

P.P. and L. now uses rates based on a $9 million reduction made in 1956 and ensuing years under PUC orders.

One company, the Harvey's Lake Light company in Luzerne county, has reduced charges $25,990 yearly since the PUC's current earnings check began. A total of 3429 customers are affected there.

Pottstown escaped showers and thunderstorms late Sunday which swept in a flurry across the northern tier counties of the State and out along the New York-Pennsylvania border.

The low this morning will be near 60, followed by a high of 80 today, a low in the mid 60s tomorrow morning, and a high of about 85 tomorrow afternoon.

SUNNY, WARM weather blanketed the entire Northeast and Midwest, but a tornado ripped through a farm in the Tampa, Fla., bay area, tearing down power lines and damaging roofs.

Future weather for this area may be seen in portions of Oklahoma and Texas, where severe thunderstorm activity, damaging hail and winds are expected from an eastward moving storm center.

"He's a good man," Berry said. "He's ridden with me on my patrols several times, and has always been anxious to learn all I could teach him. Anyone who has shown the interest in the work Miner has is bound to make a good policeman."

MINER IS married to the former Marie DeLaney of Bridgeport. The couple has two children, a boy and a girl.

Charles Frech, chairman of the township police committee, said Miner was interviewed for the job the past Thursday night. By the time the commissioners met at the home of Mrs. Arline Yost, township secretary, Sunday morning the choice had been narrowed down to two applicants.

Miner replaces James V. Guadagno.

Loaded Bread Truck Stolen From Alley

A yegg with a yen for bread made off with a Schulz Baking company truck shortly before 11 p. m. Sunday night.

The truck contained 620 loaves of bread, according to a company spokesman.

The truck was parked in an alley between Chestnut, Walnut, Warren and Adams streets when it disappeared. It contained 31 cases of bread—each case containing 20 loaves.

The theft of the truck was reported by Meral E. Cox, 1215 North Franklin street, a salesman for the company.

Pottstown police are on the lookout for the truck and Jeffersonville State police were called in by the company.

Man Pleads Guilty On Two Charges

A Parker Ford man has pleaded guilty to two charges of motor law violations filed as the result of a Friday night accident on Route 83 in East Pikeland township.

Alfred J. Gardner pleaded guilty to charges of drunken driving and driving while not in possession of an operator's license when arraigned before Justice of the Peace James Merchant, East Pikeland.

Gardner's car plowed into the rear of a tractor trailer rig of the Reading lines at 10:30 o'clock on Route 83, according to police.

Robert Gates, East Pikeland police chief, investigated.

"FLAT ON YOUR BACK in a hospital bed you certainly have your worries. I know from personal experience," says Charles Miller, of 10 Maple Ave., Paoli. "Your state of health is only one problem. You know your hospital and doctor are doing their best, and the chances are excellent—with today's medical knowledge—they will soon have you back on your feet.

"But you have another gnawing worry when you realize that the bills keep mounting day after day. You worry, that is, unless you have Blue Cross and Blue Shield. What a relief they are! No limited allowances here; they covered nearly all of my high bills."

FREEDOM FROM ANXIETY over money matters—what part does it play in a patient's recovery? Probably no one will ever truly estimate its value. But we all know how important it is. When we can lay aside our financial fears we can concentrate our full energies on getting well.

For so many hundreds of thousands of Greater Philadelphians, Blue Cross and Blue Shield today provide the key to worry-free recovery. These staunch friends stand behind your doctor and your hospital to bolster your morale in times of illness. There is only one Blue Cross, only one Blue Shield. Something "almost as good" just won't do.

Area Pastor Warns Of Marriage Perils

Cites Big Divorce Rate, Reversal of Man's Role

A detailed and systematic study of the marriage and divorce problem in American society was presented by the Rev. Vernon Stoop Jr. Sunday when he spoke to his congregation, the Niantic-Sassamansville charge of the United Church of Christ.

The Rev. Stoop labeled the family as the cornerstone of society and warned in the title of his talk, "The Cornerstone Is Cracking."

The sermon was the first of a series of 14 the pastor will deliver through the next three months on basic American social problems.

Next Sunday he will speak on "When Are You Too Old?" in connection with the problem of the aging.

* * * *

THE PASTOR opened his sermon by showing the place of marriage in society as decreed by God and then pointed out that it was failing to an increasing degree. He listed basic reasons for the failure and then suggested six steps to be taken for "repairing the cornerstone."

He said, "A recent editorial in The Mercury presented the fact that in the first four months of 1960 there were 229 petitions for divorce and 740 applications for marriage licenses in the county of Montgomery.

"These figures pointed out very clearly that currently in Montgomery county the ratio of divorces to marriages is one to three. Across our nation we have maintained the average of one divorce to every four marriages for quite some time.

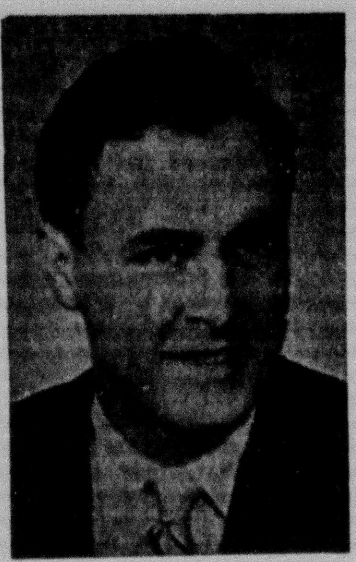
"It becomes most evident that the cornerstone of our society is cracking.

"Throughout recorded history and beyond, the family has served as the basic cornerstone in human existence . . . The truth of the matter is that the basic unit of society, the family, is decaying like timber being destroyed from within by termites.

"Cold, hard statistics bring this to our attention. The annual rate of divorce and annulment in our country approaches 400,000. This means that between one third and one fourth of all marriages end in divorce. This represents a 400 percent increase in the past 50 years of our history.

"These figures do not tell the complete story. In addition to those who are divorced there are almost 2 million persons that are separated because of marital problems. In addition to these, surveys have revealed that another one-fifth to one-sixth of all remaining couples think of themselves as being unhappily married. An almost equal number report that they experience only medium happiness. (This says nothing about the problem of children born out of wedlock and the increasing number of criminal abortions.)

"One of the basic reasons for marriage failure is the fact that there has come a reversal of the roles of men and women in marriage. Very often in marriage men and women fail to accept their seperate responsibilities as men and women. Each person in a marriage has a seperate function to perform. The man has been designed in such a way that he is to be the aggressor, protector, provider, and asserter. The book of Genesis, in the third chapter, the 16th to 19 verses, points this out very clearly.



REV. VERNON STOOP JR.

"On the other hand, the woman is to display dependence, her need for a protector, and her own receptivity.

"As we look at our society we will discover that many times the tables have been turned. Very often especially in city areas, there is a tendency for the sexes to lose their identity. Increasingly we find women are the aggressors and asserters and we find men who are passive and irresponsible.

"Often this is the result of social change. In pioneer days the family was a group that was made up in such a way that they were deeply dependent upon each other. The roles, duties, and obligations of each member were clearly defined.

"As our society changed from one of agriculture to one of industry it brought tremendous changes to the family. Many of the outward props which previously served to hold marriage together were taken away.

"Eventually women began to feel like a second class sex and they began to demand equal rights. When they did this they many times adopted masculine ways and became aggressive and independent. They worked beside men and brought home the same salary. They enjoyed the same legal and social standing. The distinction between male and female very often was not easy to discover.

"Thus eventually women became more aggressive and men on the other hand became more submissive. All of which rubbed off on their children and a marathon of reversing the procedure began. This is a problem which will not easily be solved.

"Another factor which has presented problems is the general lack of knowledge concerning the difference between romantic and creative love. There are those young people who expect that sex alone will hold them together in wedded bliss. They think this because many times it was sex which brought them together in the first place.

"On the contrary, romantic love is but the frosting on the cake which can only be formed through creative love. Creative love is that relationship evisting between two people which has the power to display itself in giving, sharing, and in a total sense of responsibility for the well being of the other person. This finds its highest expression in Christian love, concerning which the Apostle Paul spoke in the well known 13 chapter of his letter to the Corinthians.

In order to have this kind of creative love one must know how to love, respect, and accept oneself. . .

He will then be ready to add to the worth of another through creative love, rather than simply desire to gain from another through romantic love.

"Many couples lack this kind of understanding. They lack it very often because they are not really ready for marriage. The average age at which men and women marry for the first time has been dropping since 1890. Since 1940 it has dropped sharply. It is now 22 for men and 20 for women. About 800,000 people marry each year before the age of 21. Many times persons under 21 are not ready for marriage for the simple reason that they bring to marriage many mistaken ideas and expectations which are not realistic. These ideas may lead to conflict, dissapointment and depression.

"Teen agers are often inadequately equipped financially, emotionally, and spiritually for the responsibilities of parenthood. . .

"As we analyze more closely the cracking of the cornerstone we discover from surveys of divorce cases that there are really five basic reasons for divorce and unhappiness within married life.

"First of all, there is that lack of independence from home and families that is displayed in the lives of many couples.

There are those couples who marry and find that they can not afford to live away from their parents and as a result remain with them. This only leads many times to what is eventually known as in-law problems of very great proportions. This displays itself very readily in early marriages.

"The second factor which presents itself is the lack of mutual interests on the part of many young couples as they find that they drift in many different directions rather than going off in the same direction. When I was in high school I remember seeing a number of married men who were nightly customers at a local pool hall while their wives were elsewhere. Many of these same men later developed great problems in their marital lives.

"A third factor of many couples is money. Usually either too much or not enough. The latter is most often the acute problem which rears its head. The easy credit payments available to young couples very often becomes such a temptation that before long the couple is in financial hock for many years to come. The material possessions purchased with such credit often times do not deliver the personal happiness that the couple first thought they would. On the contrary the financial obligations that go with such possessions many times tend to lead to bickering and quarralleing.

A fourth reason for the eventual breakup of many marriages is a lack of knowledge concerning each other's background. This lack of knowledge usually centers itself in three areas: First of all, the area of health.

The marriage vow, 'in sickness and in health', implies that there will be sickness and if such exists, even before marriage, it should be known to the parties concerned. A second background area that should be explored is that of the respective families involved. The couple who marries feeling that they can divorce themselves from each others families is usually in for a rude awakening.

"A third area, which many prospective married couples consider last, is that of religion. The couple which fails to face this matter before marriage is possibly in for marital unhappiness on this subject in the future. The problem of interfaith marrtages now affects nearly half the marriages in America. (By interfaith marriages we refer not simply to marriages between Roman Catholics and Protestants, Jew and Gentile, but likewise between Protestants of different denominational heritage.)

To state, "you have your religion and I'll have mine, and we can marry anyway?" is to throw away the very basic tool which could bind a couple together in a spiritual union. Matters such as differences in diet, the proper sexual relationship, the religious training of children, are but a few of the allied problems that present themselves in a religiously divided family.

"Finally, there presents itself the fifth major factor in divorce and unhappiness—difficulties in the area of sex. Basically, sexual problems concentrate themselves in the act of selfishness which transforms sex from an act of love into an act of antagonism and distaste. The simple solution to such a problem is to arrive at the point of unselfishness in this area.

"These then are the basic problems in marriage today which lead us to ask the final question: How can we attempt to repair the cornerstone of our society, the family?"

First of all by making a better selection in the beginning. Dr. George W. Crane whose column appears in The Mercury, and whose literature is well received in our literature rack, has organized what is known as the Scientific Marriage foundation whose primary purpose is to properly mate eligible persons for marriage. Perhaps all prospective couples would do well to imitate such selection in the choice of a mate.

Secondly, religion must once again loudly proclaim the basic necessity for the family.

"Thirdly, we must get back to the original position of men and women. The reversal of the roles of men and women must cease if they are to add rather than subtract from each others function in a married state.

"Fourthly, we need to see that our youth come into contact with more male instructors in the early years of public and religious education. We need to rid ourselves of the idea that the teachers of preschool and elementary age children must necessarily be female, when actually the child should receive the balanced leadership of both sexes.

"In the fifth place, if the cornerstone is to be repaired we will need to do an excelent job in building up a renewed interest in the place of the family in our society.

"More and more we have tended to shove off family responsibility on the school or church and what has resulted is a hodge-podge of over-activity. Rather than uniting a family it simply transforms it into an organization which tries to decide what different directions the family will travel on nights of the week. We need to return to the things which will strengthen and enrich family life rather than divide and subtract from it.

"Finally, there is a great need for courtship and marriage education in the home, the school and the church. What has happened, however, is that the home has often dismissed its function to the school and the church and when the latter have attempted a program of proper education they have often met with a wall of opposition from the home.

"The task of repairing the cornerstone of our society is simple, yet complex, at the same time. It is simple in that it but involves a return to the basic pattern of unselfishness decreed by God for proper marriage. It is complex in that the forces operating against such a solution are powerful and tempting.

STRENGTH FOR THESE DAYS from The Bible

Therefore being justified by faith, we have peace with God through our Lord Jesus Christ. —(Romans 5:1)

We have faith that the sun will rise tomorrow; that when we turn them on, the electric light, and the TV will work . . . belief in the operation of powers we cannot see or comprehend. Why, then, does our faith in God often falter? Without it, we can have no peace.

REV. GEORGE A. LINEKER

Rev. Lineker Underscores The 'Command Decision'

Says Graduates Must Choose To Be Strong In Face Of Disappointment

A comparison of "Command Decisions" demanded of the high school graduate and of the Christian studying his religion was drawn Sunday by the Rev. George A. Lineker, rector of the Christ Episcopal church.

The timeliness of the illustration was pointed out in the pastor's opening remarks.

He said, "During the last two weeks one word has been uppermost in the minds and conversations of most American families. That word is 'graduation'."

He continued, "Our young people are still excited as they proudly display diplomas or degrees. The atmosphere and publicity have contributed to make it their 'day in the sun.'

"Christians the world over find themselves in the same category with graduates. They too have been studying the tenets of their religion since last November. 'Trinity' is graduation for them.

"And now the question, what to do with all this knowledge.

"Let us consider the young people first. They have listened to the golden words of hundreds of baccalaureate speakers. These have told the graduates, in effect, that the world is waiting with bated breath for their contributions to society and the professions.

"They will find this is not true.

"The world needs their contributions, but does not want them. The world needs what they have to offer—freshness, determination, courage and leadership. These the world will accept only when the graduates have struggled through tears and experience. The result — many will be disillusioned, discouraged, and drift backward into mediocrity or worse.

"A few will surge forward by sheer grit and spiritual qualities. This is the time for every graduate to make a 'command decision.'

"What is a command decision?

"Let me illustrate.

"When a young man calls upon his best girl, he often meets interference from the so-called kid brother. That boy is a command decision, for he must get rid of him.

"He has three choices. One, he can buy him off with a quarter or half dollar. Two, he can scare him off, by intimidation. Or third, he can persuade him to leave.

"One of these decisions will determine the future of the graduate's life.

"Many go through life buying their way with money, prestige, family or privilege. Some hold the idea that they can buy their way into Heaven, by ostentatious giving.

"Second, some will chart their course by trying to intimidate or frighten their fellow man. These surge roughshod over the rights and privileges of others. This decision is very popular today among many nations for they control those they can frighten.

"Third, there is the decision of persuasion. This calls for intelligence, patience and courage. This person usually reaches the peak of his career still in possession of the respect of his fellows. This should be the decision of every graduate worthy of the honor.

"Now let us consider the churchman and the churchwoman.

"As we said before, they, too, have graduated from a six month study of their faith. They have learned about the incarnation, manifestation, passion and redemption of Christ.

"They must take this knowledge to the world, which needs but doesn't want it. For religion cannot be bought, nor can people be frightened into accepting it. It must be transmitted to the world by conviction and sincerity.

"By the use of the third decision we can be successful Christians and worthy of the honor. If not, our knowledge will atrophy in our hands.

"It is up to us to make the right command decision."

AREA MARKS FATHER'S DAY AT SERVICES

Many Sermons Cite Household Head's Duties

A special Family Day program filled the pews of the Grace Lutheran church Sunday morning in one of several observances of Father's day in Pottstown churches.

Tracts were sent into homes of church members weeks before Sunday's service, asking each family to attend as a group.

The Rev. Richard G. Hoffert, pastor, spoke on "The Head of the House" in the 10:45 a. m. service. The Sacrament of the Altar was administered at 8 o'clock and the Sacrament of Holy Baptism at 12.05 p. m.

Fathers in Zion's Reformed United Church of Christ were presented with white carnations in a special program planned by the Adriel Ladies Bible class.

* * *

THE MEN'S chorus of the church sang a medley of familiar hymns and the Rev. Howard A. Kosman, pastor, spoke on "The Marks of a Good Father." He said the true father is to be known by his "wisdom and love", rather than "flesh and blood" appearance.

The Rev. John L. Smoker, pastor of Salem EUB church, outlined "The Father's Responsibility."

He cited three types of fathers in society: One who assumes little or no responsibility, another who is a good provider but who offers no spiritual assistance in helping to rear his family in the church, and a third who not only is a good provider but is interested vitally in the spiritual and moral well-being of his children.

In keeping with Father's Day, usherettes replaced ushers in the First Methodist church.

An evening picnic was conducted at the Kenilworth playground for fathers of the Junior and Senior High Young People groups of the First United Presbyterian church, and the Transfiguration Lutheran Young Adults class sponsored a family picnic at Ringing Rocks park.

School to Divide Its Curriculum

One of the largest vacation church schools in Pottstown will open its doors at Emmanuel Lutheran church today at 9 a. m.

The school is open to children of Pottstown between the ages of 3 to 15. The school is under the direction of the Rev. L. Samuel Krouse, associate pastor, and will be served by a staff of 59 persons.

"Missionaries for Christ" is the theme this year and will deal with two units, one each week—"Beginnings of the Christian Church" in which the pupil will be helped to understand and value the church of which he is a member, and "Mission Field: Africa" in which the pupil learns to witness to Christ and share in the witness of the churches on the mission field.

Classes in Emmanuel's school will be in the Sunday school rooms of the church. The school will run every week day from 9 to 11:30 a. m. and will continue to July 1. Along with Bibles and workbooks, the children will view films and work with paper, crayons, paste and scissors. Refreshments will be served each morning. A closing program will be June 30.

Rekindle God's Gift Graduates Are Urged

The Rev. Gerald F. O'Donnell, pastor of Royersford Church of the Brethren, urged Spring-Ford High school graduating class members to rekindle God's gift within themselves and live their lives the best way they know how.

In his baccalaurate sermon to the class which will graduate tomorrow night, the Rev. O'Donnell, preached on the theme, "A Neglected Gift Rekindled."

The Rev. O'Donnell compared life with the entire process of a building, which takes thought in planning from the original idea in somebody's mind, then the blue print, then in actuality.

"Life is like this entire process," he asserted, and went on to say "there is a divinity that shares our end. God has a specific task in mind for each one of us."

"He is the master designer and architect. While we do not always live up to the specifications in His blue prints, nevertheless our lives take a certain course. God gave certain personalities and indivualities so that through our individual lifes we may contribute toward the broad and higher end of mankind."

"God says to you, you are an individual. Rekindle his gift within you and live your life in the best way you know how."

"You are a distinct person, you are yourself and not somebody else."

"Because you are distinct, value attaches itself to you as an individual."

"How are you going to value yourself?"

"Because you are a distinct individuality, it is up to you to express yourself and find your place in the world."

The bride is a daughter of Mr. and Mrs. Walter Miller Diener, "Mill Tract Farm," Oley Valley, near Yellow House. Mr. and Mrs. Robert Andrew Maxwell, Kansas City, Kansas, are parents of the bridegroom.

Given in marriage by her father, the bride appeared in a gown of antique white satin of princess style with a train. Her veil of illusion was attached to a cap of heirloom lace. She carried a bouquet of roses and lilies of the valley.

Attendants chose gowns of silk organza and carried bouquets of geraniums and ivy.

Franklin S. Nelson, Tulsa, Okla., performed the duties of best man. Seating the guests were: Walter Miller Diener Jr., brother of the bride, and Edwin Quier Barbey, Needham, Mass.

A garden luncheon-reception followed the wedding for 200 guests at the home of the bride. A colorful marquee was set on the lawn for the luncheon during which music was provided by Howard Lanin's orchestra. The Diener residence is a restored early Colonial dwelling.

Brace No Handicap to Wesley

By WARREN HOWARD
(Mercury Sports Writer)

When Wesley Davis was named winner of the Optimists athletic award at Pottstown Junior High last week, he became the first non athlete to be so honored.

Yet the choice of Davis, who graduated the same night, was loudly applauded by pupils and spectators alike.

Why was this so? Certainly it was not the first honor ever accorded the 15 year old son of Mr. and Mrs. Wesley E. Davis, 702 North Adams street.

Earlier in the year he was selected by a vote of his schoolmates as burgess of Pottstown during Youth Week, and his "Roamin' Around" column appeared weekly in the school paper.

BUT THE big reason for the ovation is that young Davis overcame a handicap to achieve these, and other honors.

At the age of eight he was stricken with polio. He has the use of only one leg, and wears a brace up to the hip on the other. It hasn't however, dulled his enthusism for athletics.

Before he became ill, Davis himself was budding young athlete. His father, a former Norristown High track star, was his coach.

When he returned to school, teachers were informed that he was not to be "babied." He takes calisthenics along with the rest of the class.

UNABLE TO wear sneakers, he uses standard rubber overshoes in order to walk on the gymnasium floor.

Nor has he been completely sidelined by the fact that one leg is useless. As football, basketball and baseball manager for the past three years, he shags flies, retrieves kicked footballs and also, plays basketball in the Junior high intramural program.

At first meeting, one would feel pity for the lad because of his affliction. His winning smile, however, along with his tremendous enthusiasm, soon puts one at ease, however.

He can throw a football as well as any of his healthier contemporaries, and plays basketball with such abandon that the brace is in a state of disrepair more often than not.

* * *

"ONCE," SAYS his mother, "we had the brace repaired, and the clerk said 'he'll never break this in a hundred years.' You should've seen his face when I returned with it, in pieces, three days later."

One reason for his seemingly boundless enthusiasm is that he was never allowed to feel self-pity, even as a nine year old.

"He was never allowed to beg off his therapy," continues his mother. "If he was to be massaged, he was. If he was to walk, he walked. He was never allowed to feel that he couldn't."

He has a winning personality, and is an immensely popular youngster at school.

Both parents worry, naturally, about his athletic exploits, fearing the strain that may be placed on his heart. These worries however, are never imparted to him.

Both parents are assured however, that any failures which he incurs later in life, will not be due to the handicap, particularly if his present attitude is any indication.

He can keep in step with the competition on one leg.

Jimmy Bryan Killed In Langhorne Crash; Hurtubise Wins 100-Miler

★ ★ ★

JIMMY BRYAN

LANGHORNE (AP) — Jimmy Bryan, winner of the Indianapolis 500 in 1958, was killed Sunday, jockeying for the lead on the first lap of the 100-mile National championship big car race at Langhorne speedway.

Jim Hurtubise, of Lennox, Calif., was the winner. He set a National record for this distance of 100.786 mph on the one-mile dirt track. The race was re-started after the fatal accident.

Bryan, who had won here three times since 1954, was edged on the first turn and was in second position in the field of 18 cars when his car suddenly skidded sideways and rolled over several times.

The 33-year-old driver from Phoenix, Ariz., was pulled quickly from the wreckage of his Leader Card special, but was dead on arrival at Lower Bucks County hospital. He had been driving the car usually handled by Roger Ward, the 1959 National champion of the United States Automobile club.

BRYAN WAS the fourth winner of the 500-mile Memorial Day classic killed in races since 1945.

He had raced at Indianapolis nine times. He also had won the 500-miler at Monza, Italy, in, 1957.

In the one-mile qualifying heats, Bryan's speed of 110.321 was second best, behind Don Branson, of Champaign, Ill., who averaged 113.6.

Branson hed edged Bryan on the first turn and was in the lead when Bryan's car started its fatal skid, its cause unknown.

Hurtubise, entered professional racing in September, 1959, and won his first 100-mile race at sacramento six weeks later. He set a qualifying record of 149.056 mph for this year's Indianapolis 500, but finished 17th because of mechanical trouble.

His record Sunday broke the mark of 100.174 set by Johnny Thomson, of Boyertown, Pa., in 1957. Thomson didn't drive Sunday.

Hurtubise finished in 59 minutes, 31.92 seconds in the USAC-sponsored race. The next four cars were less than two miles behind him.

Jim Packard; of Indianapolis, was second, and Gene Force, of Richmond, Ind., third. The lead changed hands six times.

Al Farmer, of Fort Worth, Tex., was fourth; Roger McClouskey, Phoenix, fifth; Parnelli Jones, Gardena, Calif., sixth; Jack Rounds, Los Angeles, seventh; Bobby Grim, Indianapolis, eighth; Bill Homeier, Pacioma, Calif., ninth; and Dick Rathman, Chicago, tenth.

Ron Ruppert, Bob Goodhart and Pete Barth all got into the mound act against St. James at Enterprise field Sunday, and came up with a 4-1 win in nine innings.

The Steelers managed nine hits against Bridgeport and six against St. James, the former representing their high as a team.

CARDS DIVIDE DOUBLE BILL WITH BRAVES

Spahn Bested in First, McMahon, Willey Win 'Cap

MILWAUKEE (AP)—Don McMahon rescued Carl Willey in the ninth inning Sunday to save a 3-2 victory for the Milwaukee Braves and give them an even break in a doubleheader with the St. Louis Cardinals before 31,825.

The Cardinals rallied to beat Warren Spahn 4-3 in the first game.

Willey pitched two-hit ball until the ninth, then weakened and three Cardinal hits filled the bases with one out. McMahon forced one run across with a walk, but retired the dangerous Bill White and Daryl Spencer to put down the uprising.

For six innings, Willey and Ray Sadecki, 19-year-old left-hander, were locked in a 1-1 tie. The Cardinals scored in the first inning on Julian Javier's triple and Hank Aaron's throwing error. The Braves scored in the second on Joe Adcock's eighth home run of the year, his second of the afternoon.

Tennis School Opening Today

Tennis school, sponsored by the Recreation commission, opens this morning.

Director Bill McCabe will call the class to order at 9:30 at The Hill school's Beech street courts.

Boys and girls in the 10-18-years-of-age bracket are invited to attend. The only racquets would help with the sneakers, although private requets would help with the daily lessons and prove a boon to homework.

McCabe will conduct classes each week-day morning from 9:30 till noon through the first week of August.

RED SOX TAKE C-M LEAD ON 3-2 TRIUMPH

Williams' Home Theft Breaks Tie, Ebert Belts HR

Spring City's Legion Red Sox are beginning to make rival Ches-Mont league managers and players sit up and take notice.

In fact, the Sox have quickly become the scourge of the league. Three opponents have felt the lash of their whip which has permitted them to dominate the league standings.

The latest win came over Phoenixville last Saturday. The unbeaten Sox nicked the Giants, 3-2, at Spring City doing it the hard way with a tie-breaking run in the last inning.

The Giants created the deadlock with an unearned marker in the top of the inning, but the undismayed Sox gained the climaxer when Jack Williams daringly dashed home from third on a routine grounder by Dan Ferguson.

* * *

WILLIAMS HAD opened the frame with a walk and moved to third on Ed Mogel's single to right. Ferguson's slow roller to second gave the flying Williams time to counter.

The Sox trailed until the fourth. Phoenixville nicked starter Johnny Miller for a first-inning run and Steve Welpott protected it efficiently until the fourth.

Wilhelm, Pappas Blanks Give Birds Double Win

DETROIT (AP)—Hoyt Wilhelm and Milt Pappas hurled the razor-sharp Baltimore Orioles to 2-0 and 1-0 shutout triumphs over the Detroit Tigers Sunday, Pappas blanking the punchless Tigers on three singles in the nightcap after Wilhelm spun a two-hitter in the opener.

The Tigers, losing three of the four games to the Orioles, collected only 14 base hits in the series—five in the double setback.

Manager Jimmie Dykes, trying to shake his club out of its most recent tailspin, had center fielder Al Kaline on the bench for the entire series, except for one pinch hitting appearance.

PULASKI RIPS BEARS TWICE

READING—Pulaski's Generals completed a weekend sweep of a home-and-home Legion series with Boyertown by nipping the Bears, 2-1, here Sunday.

The unbeaten Generals, who have now won five in a row, opened the highly successful weekend with an 11-2 success over the defending Berks league champions Saturday at Gabelsville.

Thus the Bears are faced with an almost insurmountable task if they wish to duplicate their 1959 showing. The twin losses brought a quick halt to a four-game win streak and served to push them into the second division. Boyertown's log now reads 4-3.

In direct comparison to the Saturday romp, Pulaski's Sunday success was as nip-and-tuck as the final score indicates.

TOMMY REITZ, the big Boyertown righthander, and Gary Gycan hooked up in a minimum-hit mound duel. Gycan, also a rightie, allowed the Bears just three safeties while Reitz surrendered four.

Bill Zelher, who had two of the General bingles, and Glenn Letcher scored the Pulaski runs, while Tony Lucarelli crossed the plate with the only Boyertown marker.

The Gabelsville affair was also tightly-contested until the sixth. In fact, the Bears held a slim 2-1 edge before four hits and the same number of runs put the Generals out in front for good in the sixth.

Starter Dick Kauffman was driven to cover during this uprising and his successors, Tom Gottschall, Dan Boyer and Bob Woolwine proved ineffective.

ROBERTS WINS 3D ON 5-HIT PERFORMANCE

Sanford Takes Defeat In Relief of O'Dell

SAN FRANCISCO (AP)—Tony Taylor's single drove in the winning run in the 11th inning Sunday and gave Philadelphia a 2-1 victory over San Francisco behind the five-hit pitching of Robin Roberts.

Roberts, in giving the Phils their first 1960 victory over the second-place Giants, struck out 11, two in each of the last four innings.

Jack Sanford relieved San Francisco starter Billy O'Dell in the 10th with the bases loaded and struck out rookie pinch hitters Tony Curry and Tony Gonzalez, and Roberts.

But Sanford began the 11th by walking Ted Lepcio. Singles by Lee Walls and Taylor brought Lepcio home with the clincher.

Roberts, 33-year-old right-handed veteran in his 13th year with the Phils, had a four-hitter through nine innings.

He gave up a leadoff single to pinch hitter Dale Long in the 11th, then struck out pinch batter Dave Philley and Jim Davenport. Pinch runner Johnny Antonelli stole second on the second strikeout but Don Blasingame flied out to end the Giants' string of eight straight victories over the last-place Phils.

The win was Roberts' third in 10 decisions. He was hooked up with O'Dell in a tight pitchers' duel in regulation time as O'Dell yielded only three hits before Sanford came on. Sanford now is 6-4.

The windup of the 21-game home stand also brought the first loss to new Giants' Manager Tom Sheehan, who took over when Bill Rigney was fired before Saturday's game.

One of the early hits off Roberts was Willie Mays' 11th home run in the seventh. Pancho Herrera had homered for the Phils in the fifth.

Willie Kirkland, who made the fielding play of the day in the sixth, followed Mays' homer with a double over third, but was stranded when Andre Rodgers fouled out.

Ingo is Choice to Dump Patterson Again

By JACK HAND

(Associated Press Sports Editor)

NEW YORK, (AP) — Ingemar Johansson remains the choice to whip Floyd Patterson again in the first defense of his World Heavyweight boxing title Monday night at the Polo grounds.

With a forecast of generally fair, mild weather through Monday night, the new promoters, Feature Sports, Incorporated, talk of a possible attendance of over 35,000 and a gross gate of over $800,000. Various estimates of the advance sale run from $550,000 to $625,000.

The 15-round rematch in the home of the old New York Giants is scheduled for 10:30 p. m. Pottstown time.

For the 27-year-old unbeaten champion from Goteborg, Sweden, this is his big chance to prove it was no fluke when he dropped Patterson seven times in the third round last June 26 and stopped him in 2:03 of the third.

For the 25-year-old challenger from Rockville Centre, N. Y., this is the opportunity to become the first ex-heavy champ to win back the title.

Patterson's pride was shattered by his shocking experience of last year when he was a 5 to 1 favorite over a lightly-regarded challenger. After the fight, he went into seclusion behind drawn shades for several days, ashamed to face his friends whom he thought he had failed.

* * *

MONTHS OF training in an abandoned road house in Newtown, Conn., tutoring by Joe Louis, and an intense desire to prove himself again, should bring Patterson to the rematch in a vicious mood.

However, only these who can read what goes on inside the mind of a man who has been knocked out in his last fight, really can tell about his mental attitude for this match. He expects to weigh about 188 or 189 pounds as compared to 182 for the first fight.

Johansson, carefree as a challenger, is playing to the hilt the role of champion. After early training in Switzerland, Ingo has worked hard during his stay at his Grossinger, N. Y. headquarters, occasionally interrupting his drills for a round of golf or a swim with his beautiful fiance.

He claims to be recovered from a back ailment that interrupted his work. He will weigh about the same as last time, 196 pounds. They will weigh in at a midtown hotel (Commodore) at 11 a. m. Monday.

The right hand punch that was a mystery a year ago no longer is suspect. Johansson proved he packed "thunder and lightning" in his right hand in the first fight. He has sharpened up the pawing, annoying jab of last June into a potent weapon but the right still is the big punch.

According to Las Vegas odds Johansson is a 7½ to 5 favorite.

Patterson appeared bewildered by that flapping left in the first match and carelessly walked into the right. He is forewarned this time. Can Patterson get inside to land his fast combinations to the body and head? Will he try to press the champion? Those are the questions that hold the key to Patterson's chances. Patterson has a 35-2 record, Johansson 22-0.

Each fighter gets 25 percent of the Polo Grounds gate. The theater TV, radio and movie receipts are to be divided according to an involved formula that involves a cut for the theaters, the closed circuit company, the promoters and the fighters.

In case of a postponement, as happened last year, the fight would be held Tuesday night at the same time.

SECOND TIME AROUND—Boxing's big one of the year, the heavyweight title bout between the champ, Ingemar Johansson of Sweden, and Floyd Patterson of New York, takes the stage at New York's Polo grounds tonight with Ingemar favored to retain his title. Johansson stunned boxing world last June when he kayoed Patterson.

Yanks Deal White Sox Double Loss To Complete 4-Game Series Sweep

CHICAGO (AP)—The New York Yankees continued their new found superiority over the Chicago White Sox, smacking the defending Champions twice Sunday 7-5 and 5-3 for a sweep of the four-game series.

A crowd of 48,139—largest since July 14, 1957—saw the league-leading Yankees run their recent record to 13 victories in 15 games. The Yankees, who lost 13 games to the Sox last year, now have beaten the Chicagoans seven straight.

The Bombers hit nothing but singles in the opener and their only extra base hit of the day didn't come until the sixth inning of the nightcap. But it was a big one. With two out and a man on, Mickey Mantle boomed a triple to right center to tie the score at 3-3. A moment later the Yankees went in front on a single by Roger Maris.

Judges Cop 16-1 Connie Mack Win

Northern Chester county's Judges, scoring runs in every inning, clobbered Starr Hill of Phoenixville, 16-1, in a Ches-Mont league Connie Mack tilt at Bucktown.

The Judges collected 10 hits, clustering them to tally three in the first, single runs in the second, third and sixth, six in the fourth and four in the fifth.

Bob Wisler and Dave Cisik took care of things defensively. The pair collaborated on a one-hitter. Ed Vontor got the bingle off Wisler, the official winner, in the third, the same frame Starr Hill notched its only marker.

DODGERS NIP PIRATES, 8-6

Bucs' Win Streak Broken At Five Straight Contests

LOS ANGELES (AP)—The Los Angeles Dodgers scored six runs in the third inning, then withstood a grand slam homer by Dick Stuart and knocked off first-place pittsburgh 8-6 Sunday before 41,118.

The Pirates, who had won five straight, held their four-game lead over San Francisco as Philadelphia dropped the Giants 2-1.

Don Demeter drove in three of the Dodger runs with a triple and Maury Wills brought in two more with a pair of singles. Wills scored another run himself by drawing a wild throw on a steal of third.

Ed Roebuck, who held the Pirates to one run in 3 1-3 innings of relief, picked up his fourth victory in five decisions. Pittsburgh starter Bennie Daniels, tagged for five runs in 2 1-3 innings, suffered his third loss against one victory.

The Pirates got an unearned run in the third. Dick Groat walked, took second on another walk and came all the way home when first baseman Norm Larker dropped a routine popup.

Aroused Redlegs Collect 21 Hits, Top Chicago Cubs Twice, 4-3, 7-5

CINCINNATI (AP) — The Cincinnati Reds, roused from a recent hitting slump, beat out a 21 hit tatto Sunday and swept a doubleheader from Chicago 4-3 and 7-5.

But the Reds had to call on Bill Henry to save both games. In the ninth inning of the nightcap, Henry inherited a bases-loaded situation and walkedin one run. Then he got pinch hitter Moe Thacker to fly out, ending the game.

Vada Pinson's second homer of the nightcap—in the sixth—capped a four-run rally. It came just after fleet teammate Elio Chacon stole home on pitcher Dick Ellsworth, bringing in the deciding run.

The homer was the only earned run in the four-run sixth. With two Reds on base, Don Zimmer threw wild on Chacon's bunt, loading the bases. Willie Jones then singled in two runs.

A single, stolen base and a doubled produced the final Reds' run in the eighth.

George Altman had broken a 2-2 tie in the sixth with a leadoff homer and two singles and a force out produced another Cub run.

Pinson's first homer came in the third, after Ernie Banks gave Chicago a brief 2-1 lead with a two-run home run. Zimmer had muffed an infield bouncer in the second inning, helping the Reds to another unearned run.

Holy Trinity unleashed a 14-hit attack to walloping Montgomery Elks, 15-0, Saturday in a make-up Knee-Hi league test at Memorial park.

A 6-6 standoff Friday night necessitated the Saturday affair which showed little comparison to the first get-together.

Holy Trinity broke the game wide open with a five-run first and went on to post three in the third, one in the fourth and six in the fifth.

Don Hegedus held Montgomery to six hits and added glitter to his shutout pitching with eight strikeouts.

Chuck Williams and Mickey Dwinchick bore the brunt of the Holy Trinity assault with Williams the official loser.

Lower Pottsgrove's Lions and Limerick were winners in Ches-Mont Knee-Hi league tilts.

The Lions clawed Norco, 8-4, while Limerick pounded out a 22-7 triumph over East Coventry.

Limerick scored in every inning but the fifth with an 18-hit assault on East Coventry pitcher Roy Dreger. Roger Schlichter went all the way for the winners.

The Lions scored four times in the first but needed a singleton and a three-burst in the fourth to gain the nod.

Tom Vapniarek was the hill victor over Frank Voynar.

Bosox Add to Cleveland Trouble With Double Bill Win by 7-1, 3-2

CLEVELAND (AP)—The last-place Boston Red Sox beat Cleveland twice Sunday 7-1 and 3-2, winning the opener with a trio of home runs and Bill Monbouquette's four-hit pitching.

Gary Geiger's two-run triple and a home run by Don Buddin decided the nightcap with an assist from the clutch relief pitching of Mike Fornieles.

The double defeat sent the Indians skidding to their eighth loss in 10 games. It was the first doubleheader loss for Cleveland this season, while Boston was capturing its initial twinbill.

To make it even more dismaying to the 21,279 fans, the Red Sox pinned the defeats on Cleveland's pitching aces—Jim Perry (7-3) and Gary Bell (6-6). Perry was seeking his seventh straight victory.

Nats Trip Kaycee To Sweep Series

KANSAS CITY (AP)—Washington made it a sweep of a three-game series with Kansas City, winning Sunday 6-5 after riding out an eighth inning rally by the A's.

Don Lee started for the Senators and had a two-hitter going into the sixth when the Athletics chased him with three hits and two runs. Lee was credited with the victory, his third in four starts. Ray Moore relieved him, and it took Truman Clevenger and Chuck Stobbs to put out the Kansas City uprising in the eighth.

The A's sent Moore to the showers by filling the bases, then Hank Bauer hit a pinch-hit single scoring a couple of runs off Clevenger. Bill Tuttle singled to score another before Stobbs got Jerry Lumpe to fly out and end the inning.

Try and Stop Me

By BENNETT CERF

IN *THE BUFFALO HUNTERS,* historian Mari Sandoz writes about her first encounter with a very famous American. "One night when I was a very young girl," she recalls, "I heard voices in the parlor after I had gone to bed. I got up quietly, sneaked over to the door, and opened it a crack. What a romantic figure I saw! My father had brought Buffalo Bill home, and there he stood—or leaned (there had been some drinking)—with that wonderful, long silver hair curling down over his shoulders . . .

"Next morning I was sent to wake him up, and there was that long silver hair hanging on the bedpost. I think that's when I decided to become a historian."

Recalls sales expert James L. Crowder:

"She was 'honey child' in New Orleans,
The hottest of the bunch;
But on the old expense account,
She was gas, repairs, and lunch."

AN ORDINANCE

SPECIFYING AS AN ADDITIONAL PROJECT TO BE UNDERTAKEN BY THE POTTSTOWN BOROUGH AUTHORITY, THE ACQUISITION, HOLDING, CONSTRUCTION, IMPROVEMENT, MANAGEMENT, MAINTENANCE, OPERATION, OWNING AND LEASING IN THE CAPACITY EITHER OF LESSOR OR LESSEE, OF DESIGNATED PARKING FACILITIES WITHIN THE BOROUGH OF POTTSTOWN.

WHEREAS, by Ordinance enacted and approved November 13, 1950, the Borough Council of the Burgess and Town Council of the Borough of Pottstown, authorized the creation of Pottstown Borough Authority under the provisions of the "Municipality Authorities Act of 1945," P.L. 382, pursuant to which Articles of Incorporation were filed with and approved by the Secretary of the Commonwealth of Pennsylvania at Harrisburg, Pennsylvania, on January 4, 1951 as of No. 3-1-51.01-371, and a Certificate of Incorporation was duly issued January 4, 1951, recorded January 16, 1951 in Charter Book No. 7, page 297, in the Office of the Recorder of Deeds of Montgomery County at Norristown, Pennsylvania; and

WHEREAS the initial project designated for the said Authority under the provisions of Section 5 of the aforesaid Borough Ordinance is: to acquire, hold, construct, improve, maintain, operate, own, lease in the capacity of either lessor or lessee, sewers, sewer systems or parts thereof and sewage treatment works including works for treatment and disposing of industrial waste for the Borough of Pottstown and for such other territory as it may be authorized to serve; and

WHEREAS, (a) residential decentralization in the Borough has been accompanied by an ever-increasing trend in the number of persons entering the business sections by private automobile as compared with other modes of transportation;

(b) The free circulation of traffic of all kinds through the streets of the Borough is necessary to the health, safety and general welfare of the public whether residing in the Borough or traveling to, through or from the Borough in the course of lawful pursuits;

(c) The greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion on the streets of the Borough;

(d) The parking of motor vehicles on the streets has contributed to this congestion to such an extent as to interfere seriously with the primary use of such streets for the movement of traffic;

(e) Such parking prevents the free circulation of traffic in, through, and from the Borough, impedes rapid and effective fighting of fires and the disposition of police forces in the district and endangers the health, safety and welfare of the general public;

(f) Such parking threatens irreparable loss in valuations of property in the Borough which can no longer be readily reached by vehicular traffic;

(g) This parking crisis, which threatens the welfare of the community, can be reduced by providing sufficient off-street parking facilities properly located in the several residential, commercial and industrial areas of the Borough, and

WHEREAS, the Municipalities Authorities Act of 1945 authorizes as one of the functions and purposes of an authority created thereunder the project of providing parking spaces; and

WHEREAS, a cooperative proposal has been submitted by the Chamber of Commerce of the Borough of Pottstown and merchants to provide and implement the acquisition, operation and maintenance of centrally located parking lots or spaces at the hereinafter designated locations; and

WHEREAS, under the provision of the said Municipalities Authorities Act of 1945, the council of the Burgess and Town Council of the Borough of Pottstown desires to specify to the Pottstown Borough Authority the undertaking of the project of providing additional parking spaces and facilities on the terms, in the manner and at the locations hereinafter set forth.

NOW, THEREFORE, BE IT AND IT IS HEREBY ordained as follows:

SECTION 1. The Pottstown Borough Authority shall undertake the project of acquiring the following tracts at the most favorable negotiated consideration not in excess of the amounts hereinafter stated, viz:

(a) The Lessig tract fronting 127.42 feet on High Street by 301.4 feet in depth to King Street, located on the north side of High Street between Evans Street and Franklin Street, more particularly described on Exhibit "A" attached hereto and incorporated herein, at a consideration not in excess of One Hundred Forty Thousand ($140,000.00) Dollars.

(b) The Reading Railroad tract on the west side of South Hanover Street, more particularly described on Exhibit "B" attached hereto and incorporated herein, at a consideration not in excess of One Hundred Sixty Thousand ($160,000.00) Dollars.

Options may be taken but no final settlement nor payment shall be made until

(1) the deposit with the Authority by the Pottstown Chamber of Commerce or its representatives, of the sum of Fifty Thousand Dollars ($50,000) under a proper security agreement providing such monies shall be utilized by the Authority for payment of any deficits in operation during the first ten years, any balance to be refunded on order of the depositors.

(2) execution and delivery of a collateral security agreement between the Authority or its assignee, and the Chamber of Commerce and individual merchants as may be required by the Authority, guaranteeing payment to the Authority of the Borough of all operating deficits, if any, which may be in excess of the above escrow deposit during the first ten years of operation.

SECTION 2. The aforesaid tracts upon acquisition shall be owned, improved, maintained, operated, and controlled as municipal parking lots, with metered rates or charges, under an appropriate lease-back agreement with the Borough of Pottstown.

SECTION 3. Financing for the acquisition, improvement, construction, development and/or maintenance of the said tracts for parking lot areas shall, if possible, be obtained by negotiation from banks maintaining places of business within the Borough of Pottstown at an interest rate not to exceed Two and three-fourths per cent (2-¾%).

SECTION 4. In undertaking, effecting, implementing and accomplishing the above specified project, the Authority shall have and enjoy all powers and rights conferred under the provisions of the aforesaid Municipalities Authorities Act of 1945, limited however, to the terms and purposes of the project as above specified.

SECTION 5. This Ordinance shall take effect immediately upon final passage hereof.

DULY ENACTED AND ORDAINED at the regular meeting of the Borough Council of the Burgess and Town Council of the Borough of Pottstown, held this 13th day of June, A. D. 1960.

Brenner is currently located in the New York office, but will be transferred to the Philadelphia office later this Summer. Area Man Sells 22½ Acre Tract For $35,225

Mr. and Mrs. William H. Simmon, Green Lane, purchased the Frank Kirsch home at Route 663 and Little road in Hoffmansville.

The Simmons purchased the stone ranch home and two and a half acres of ground at auction for $27,500. Twenty more acres of Kirsch's land, sold in three parcels, brought the entire price to $35,225.

Kirsch, a New York textile union official, built the home about a half mile above Hickory park approximately 10 years ago.

Simmon is an official with Berman Sales company, the motor firm, in Pennsburg.

GEORGE C. SETTLE, a land owner adjoining the Kirsch property, bought 14½ acres for $2425, to add to his land. Settle is an instructor at the Spring-Ford (New street) Junior High school.

Alvin R. Hoffman, Perkiomenville RD building contractor, purchased three acres for $3900, and intends to develop the site eventually.

Joseph M. Swann, Perkiomenville RD read estate broker, purchased 2½ acres of the Kirsch land at $1400 for speculation.

Raymond A. Mac Phearson, incorporated, Philadelphia auctioneers, were in charge of the sale, and the co-operating broker was James J. Moore, incorporated.

MACPHEARSON also auctioned off a 30 acre licensed auto graveyard at Green Lane road and Geryville pike for $20,600.

Robert R. Stahl, Halfway House, an automobile salesman, purchased the land, along with a store residence, shop and office.

The property was sold for Mr. and Mrs. Howard Wardle Jr., Geryville pike, Marlborough township. Lester K. Geyer, Lansdale, was the co-operating broker.

Steel Workers President to Undergo Surgery

(Continued From Page One)

rushed to the hospital on the advice of Dr. Lamar T. Zimmerman, 762 High street.

Zelenak said Sunday evening he would undergo surgery later today. Neither he nor his wife were able to estimate the length of his stay in the hospital.

* * *

ZELENAK, of Pottstown Landing, defeated Edwin Musser for the leadership of Local 2177, United Steel Workers of America, AFL-CIO, by a 513-276 vote. The nearly 2-1 victory returned him to the office he previously held from 1954 to 1956.

The 789 votes cast for the presidency Friday in the union office, 1304 High street, represented slightly less than half of the union's membership.

PAUL ZELENAK

A father of four with 26 years at the steel company, he will succeed Daniel F. Stetler. Stetler declined to run for the union's top post, preferring to campaign for the recording secretary's position he held for three terms prior to his election as president.

He was defeated by 37 votes in the closest vote of the day by Dmitri Sweetak. Sweetak was elected in his first try for the post by a 410-373 vote.

* * *

STETLER, however, defeated Sweetak for a place on the ten man grievance committee.

Chosen vice president of the union in a three way fight was Frank Jagielski, former recording secretary of the local. Jagielski, with 310 votes, defeated Benjamin Wade, a former candidate for president, with 256 votes, and Norman Getz, defeated 1958 candidate for president, with 243 votes. All three were chosen to the grievance committee.

Incumbent financial secretary Andrew Leck Jr. retained his post with a convincing 485-277 win over Albert Ritchey. Ritchey was also the only incumbent member of the grievance committee to be defeated.

In a close three-way vote for treasurer, incumbent Robert Bechtel was topped by 67 votes by Charles McBride. McBride polled 317 votes, incumbent Bechtel 250, and Joseph Bressi, 218. McBride, Bressi and Bechtel were renamed to the grievance committee.

Isiah Glenn, incumbent guide, and Lucien Hendrick, incumbent guard, were returned to office without opposition. Glenn polled 520 votes, the third highest vote total of any candidate. Hendrick polled 487 votes.

Top vote getter was incumbent trustee Earl Missimer, with 604 votes. A second incumbent trustee, Edward Hale, received 596 votes, but the third incumbent John Dolhanczyk was defeated 492-377 by Louis Weiner. Missimer was also chosen for the grievance committee.

Both the past and newly elected presidents were chosen to the grievance committee from among the 20 candidates.

Zelenak began at Bethlehem Steel in 1936. He is a native of Pottstown and attended Pottstown schools. He has four children, Donald, 22, James, 20, Patrica, 17 and Mary Ann, 8.

Television Academy Streamlines Awards Presentation Show

HOLLYWOOD (AP)—The Television Academy marks 12 years in the awards business Monday night and the 1959-60 Emmy event promises to be the best.

* * *

Of course, promises aren't always kept in TV, but the industry minds have labored hard to eliminate some of the errors and absurdities of Emmy's past. Here are some of this year's changes:

1. The awards are given for achievements during the season, rather than the calendar year. In the past, some shows and performers won Emmies after fading from the tubes with the season's end.
2. The Program—NBC-TV, 10 p.m. Eastern Daylight Time—will be produced with the home viewer in mind. No studio audience, no formal presenters, no fumbling of envelopes.
3. The number of awards has been trimmed from last year's 42 to a less cumbersome 22. Some of the minor ones will be merely announced instead of presented, further streamlining the show.
4. Because there are fewer categories, no single show will be able to sweep the field, as "An Evening With Fred Astaire" did last year. The dancer's TV debut collected nine Emmies.

* * *

Astaire is in the running again with his "Another Evening With Fred Astaire." He is nominated for best musical-variety performance and for best variety show. If he wins again, he won't have far to walk. He is sharing host duties with Arthur Godfrey.

Competing for best single performance honors are Alec Guinness for "The Wicked Scheme of Jebal Deeks"; Laurence Olivier for "The Moon and Sixpence"; and Lee J. Cobb for "Project Immortality."

* * *

In the female best single performance field, Ingrid Bergman is a heavy favorite for "The Turn of the Screw." Her competition is Julie Harris for "Ethan Frome" and Teresa Wright for "The Margaret Bourke-White Story."

Three movie favorites are in the best series actress contest: Loretta Young, Donna Reed and Jane Wyatt (Father Knows Best). For best series actor, the choice is between Richard Boone ("Have Gun, Will Travel"), Raymond Burr ("Perry Mason") and Robert Stack ("The Untouchables").

Group Leaves Shelter After 2 Weeks

PITTSBURGH (AP) — A two-week stay in a bomb shelter ended Sunday for 30 men, women and children. They walked out with smiles wrinkling their faces and eyes searching for loved ones under a hot, bright sun.

"Where's my daddy," called Paul Marion Jr., 10, who spent two weeks in the shelter with his mother, Dolores, and a sister, Kathleen. "I missed my daddy."

* * *

Home for the Marions and the rest of the group had been a 12x20-foot cubicle with no newspapers, no television and no radios. The heat ranged from 85 to 90 degrees. Games and cards were the only recreation.

The test, conducted by the American Institute for Research, was a psychological and sociological study in human reactions to shelter conditions for the Office of Civil Defense Mobilization.

* * *

For the last day of the two-week test, the 30 participants were joined by nine newspapermen and two OCDM officials.

As the newsmen entered the cubicle a small voice popped: "Are the Pirates in first place? What's the weather like outside? When are we getting out of here?"

Newsmen couldn't answer. They had promised not to talk about the outside world during their period of confinement. They didn't.

Laura Ellis, 72, oldest of the group, spent her last hour conducting Sunday school services. She preached on forgiveness and repentance.

Asked why she volunteered, the gray-haired grandmother, softly replied: "I still have a lot of curiosity and I figure I might as well know what's going on."

Zygmunt Malinoski, 49, took two weeks vacation from his job at Westinghouse Electric Corp. to volunteer for the test with his wife and two children. "I just missed playing outside," said his 7-year-old daughter, Marcia, the youngest of the participants.

Dolores Marion added: "The first few days the children were under strain. Both of mine were homesick. Some nights they had tears in their eyes. But finally they got adjusted."

Dr. James W. Altman, project director for the institute, summed up the experiment in this way: "Instead of the belligerence and aggression which many predicted would occur after a few days in such cramped quarters, we found instead an increasing realization of a common problem and desire and ability to adjust."

Smith said he planted it in December and kept it in the house all Winter, transplanting it on May 1. 200 Stage Riot At Elks Parade

PHILADELPHIA, (AP) — Ten persons were injured slightly Sunday in a street fight that broke out during a parade of Elks lodges.

Policemen waded into the melee with clubs swinging after 200 persons, mostly teen-agers, attacked a chartered bus by throwing stones, bricks, bottles and chunks of cement as members of an Elks band were boarding the vehicle.

The windshield and all of the windows on one side were smashed and several band members hit by flying missiles.

Two reserve policemen were among those hurt.

Police rounded up at least 15 juveniles for questioning. The cause of the 15-minute brawl was not known.

English Bishop Questions Operations for Elderly

TORQUAY, England (AP) — A British church leader told the nation's doctors Sunday it is morally wrong for them to lengthen the worn-out lives of old people by painful operations.

* * *

The Anglican bishop of Exeter, Dr. R.C. Mortimer, made this point at the British Medical Assn. congress with these words: "How far is it a doctor's duty in the case of a very old person to use every possible means to preserve that person's life?

"It is, in general, the Christian view that while there is a moral obligation to maintain life by all ordinary means, there is no obligation to use extraordinary means.

"Ordinary means are such actions as do not cause grave hardship to the patient, and which offer a reasonable hope of success.

"Extraordinary means," he said "are means which involve very great expense, inconvenience or hardship and which at the same offer no reasonable expectation either of success or of benefit.

"In the case of the very old whose faculties have failed or are failing, even ordinary means of preserving life have little hope of retarding the advance of senility. And their success in retarding death confers little benefit or happiness upon the patient."

* * *

About 500 doctors delegates are attending the conference as representatives of Britain's 50,000 physicians.

Mortimer told them: "To subject very old people to the acute discomfort of a serious operation or of feeding by intravenous drip would seem to be morally wrong.

"Such extraordinary means of preserving life should only be used where there is a reasonable hope of recovery from the disease and where some benefit or happiness is conferred upon the patient other than the mere prolongation of his bare existence.

"But where these conditions are present extraordinary means not only may but should be employed as a moral duty.

"In other words, in this field of medicine there seems to be some truth in the old couplet, "Thou shalt not kill but needest not strive officiously to keep alive'."

Jewish Lawyer Offers Defense For Eichmann

LONDON (AP) — A Jew who lost all his relatives in Nazi concentration camps wants to defend Adolf Eichmann because he disapproves of the way the Gestapo man was arrested, the Empire News said Sunday.

The newspaper identified him as Dr. Paul Szekely, 54, once a well-known Czech lawyer practicing in Bratislava and now a naturalized Briton. Szekely is in Yugoslavia, negotiating with Israeli judicial officials, the paper reported.

* * *

Eichmann, accused of complicity in the killing of six million Jews, was captured by Israeli agents in Argentina and spirited to Israel by air.

"Some of my relatives were killed on direct orders from Eichmann," Szekely was quoted as saying. "But if I am allowed to defend him I will do everything in my power to make sure he receives a fair trial."

He agreed there was strong evidence against the Nazi but said he believed some of it would not stand up to proof in an impartial court of justice.

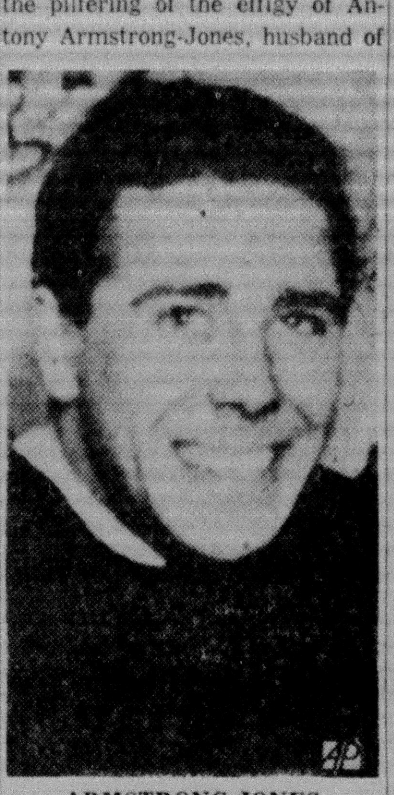
Thieves Steal Statue Of Armstrong-Jones

LONDON (AP)—A new kind of crime was pondered Sunday by the best minds of Scotland Yard—how would thieves go about stealing a dummy from a wax works? And why?

The puzzle was presented by the pilfering of the effigy of Antony Armstrong-Jones, husband of Princess Margaret. It was taken from Mme. Tussaud's Museum just before the royal couple returned Saturday from a Caribbean honeymoon.



ARMSTRONG-JONES

* * *

Scotland Yard had no clue to the whereabouts of the handsome dummy, worth $1,400. In the waxworks the effigy of Princess Margaret, which the thieves didn't touch, looked lonesome and a little sad.

Tony's wax figure vanished Friday night, and one Scotland Yard theory is that the thieves got into the place as paying customers, mingled with the crowds until closing time, then took up dummy-like positions among the wax figures until the guard made his final check.

Tony-in-the-flesh, friends reported, was amused, and hasn't any theories about the theft of the 165-pound figure.
